

GEMS PTA Invitation and Participation Form

German Sister School Field Day hosted by Groebenschule on Wednesday, September 27th, 3pm -5pm

The GEMS PTA is excited and proud to present... the opportunity to foster friendships and long-lasting relationships with our newfound German Sister School and friend!

Participating Students will work together in German-American teams for the Field Day and Student Festival events. After all the FIELD DAY FUN, students will receive a letter template to write his or her Field Day buddy a pen pal letter in their native language. The letters will be exchanged, translated by the student & read in their Host Nation-German Class.

Be a part of the experience and fun! Let's cultivate this new German-American school partnership where students can foster new friendships through a shared Sister School relationship with the goal of learning and sharing cultures though joint activities and festivals.
