**Business Process Description**

Use this procedure to enter a timecard for an employee or group of employees using the Super Timekeeper Substitute responsibility.

**Trigger**
- A timecard needs to be entered on behalf of an employee or employees in a Timekeeper group.

**Prerequisites**
- The timekeeper, employee, and supervisor or authorized delegate are in the DAI hierarchy approval flow.
- Project, Task, Work Schedule and Tour of Duty are linked to the employee.
- An employee is in the Timekeeper’s group.

**Responsibilities**
- Super Timekeeper DODEA Substitute

**Menu Path**
Use the following menu path(s) to begin this task:
- Timekeeper Entry
Enter Time on Behalf of an Employee

1. Start the task using the responsibility and menu path to open the Find form:

   **Responsibility:** Super Timekeeper DODA Substitute
   **Menu Path:** Timekeeper Entry
2. Click in the **Group Name** field and enter the Timekeeper Group name or select it from the list of values.

3. **Recurring Period** – The default value **DAI Bi-Weekly – Starts Sunday** is standard for all agencies, indicating timecards are submitted every two weeks and each pay period begins on a Sunday.

4. **Person Name** – Click the **Person Name** LOV icon to search for and select the Employee’s name.

5. **Period** – Select the desired Pay Period. The default value is the current Pay Period.

6. Click the **OK** button to populate the **Find** form with the employee name that matches the entered criteria.

7. Click the **Find** button to populate the **Timekeeper Entry** form with group that matches the selected criteria.

**Note:** Use the Advanced Search options to add additional search criteria, as needed.
Enter Time as a Timekeeper

8. The checkbox defaults to checked, indicating that the line is selected.

9. **Status** - The status of the timecard is partially displayed. Click in the **Status** field and then click on the **Edit Field** icon to display the hidden text.

10. **Type** - Displays the employee type, such as Employee or Contingent Worker.
11. **Project** - Select the employee’s Project from the list of values (LOV) icon.

12. **Task** - Select the related project Task appropriate for the Project number selected.
   
   **Note:** Tasks represent specific activities within a project and are agency-defined. The values available within the LOV are based upon the previously selected project.

13. **Hours Type** - Select the type of hours being entered from the list of values. Enter a separate row for each Project, Task, and Hours Type combination.
   
   **Note:** To view all DCPS pay code values loaded within DAI, use the LOV icon and perform a search using the wildcard or % sign.
14. **EHO Code** – (Optional) Select the Environmental/Hazard/Other code from the LOV. If the employee worked hours under environmental, hazardous or “Other” conditions, enter the two position alpha code.

15. **SURC** – Enter the appropriate SURC or select it from the list of values.

16. **ORC** – Enter the appropriate ORC or select it from the list of values.

17. **Session ID** – Enter the appropriate Session ID. The Session ID field is only available for update when a SURC value beginning with H, I, J, or K is selected.
18. Enter hours for each individual day based on Project/Task and Hours Type in the Timecard. Use a separate line for each Project/Task/Type combination.

**Tip:** The View Tour of Duty (TOD) icon in the toolbar provides the Tour of Duty information for the highlighted employee. This will assist the Timekeeper in ensuring the time entered matched the employee’s TOD.

19. **Timecard Buttons**

</tbody>
</table>
20. Click the **Submit Selected Lines** button. A message appears at the bottom of the screen indicating the number of records saved.
21. Refresh the **Timekeeper Entry** screen by pressing the **Ctrl** and **F11** keys on the keyboard simultaneously.

   The timecard will remain in a **Submitted** status until the Timecard Approver responds to the notification. If the timecard is changed while in a Submitted status, it will need to be resubmitted. The timecard will remain in a **Working** status until the validations are processed and the screen is refreshed a second time, when it will return to a **Submitted** status.

   **Note:** Changes may be made to the timecard during the current pay period or within a few days of the end date of the pay period up until 4PM Central Time when the payroll process is run. Timecard changes can be made retroactively. For timecard changes affecting an employee’s paycheck, the paycheck changes will be processed within the current pay period at the time the correction is made within the system.

**Result**

**Congratulations!** You have successfully entered a timecard as a Timekeeper.

Mass Edit Timecards

1. Start the task using the responsibility and menu path to open the Find:
   **Responsibility:** Limited Timekeeper – DODEA or
   Super Timekeeper – DODEA
   
   **Menu Path:** Timekeeper Entry
   
The Mass Edit capability allows Timekeepers to make the same update to multiple timecards at once.

1. Start the task using the responsibility and menu path to open the Find:
   **Responsibility:** Limited Timekeeper – DODEA or
   Super Timekeeper – DODEA
   
   **Menu Path:** Timekeeper Entry
   
The Mass Edit capability allows Timekeepers to make the same update to multiple timecards at once.
2. **Group Name** – Click the **Group Name** LOV icon and search and select the appropriate timekeeper group.

3. **Recurring Period** – The default value, **DAI Bi-Weekly – Starts Sunday** is standard for all agencies, indicating timecards are submitted every two weeks and each pay period begins on a Sunday.

4. **Period** – Select the desired Pay Period. The default value is the current Pay Period.

5. The **Advanced Search** options allow the Timekeeper to search/filter the Timekeeper group of employees by the following fields:
   - Person Name
   - Person Type
   - Status of Timecard
   - Message Type
   - Message Text
   - Project
   - Task
   - Hours Type
   - EHO Code

6. Click the **Find** button to populate the **Timekeeper Entry** form with the timecards of those employees within the selected Timekeeper Group.
7. Click the checkbox next to each timecard line within the Timekeeper Group which requires a mass update.

8. Click the **Mass Edit** button to open the Mass Edit form.

9. Select **Find and Replace a line** and enter the values for the 'Find' and 'Replace' fields to update the selected timecard rows.
9. **Select the Mass Edit Type** from the drop-down list of values.
   
a. **Find and Replace a line**: Performs a search on the values entered in the **Find** line and replaces the information with the criteria on the **Replace** line. Any replacement of Project and Task must include Hours Type. To maintain daily hours already entered on the timecard, leave the replacement row of daily hours blank. This will retain the hours previously entered.

   b. **Find and Add a new line**: This function performs a search on the values entered in the **Find** line. If a match is found, a new line will be added to the timecard with the values entered in the Add line (e.g. eight holiday hours applied to all selected).

   c. **Delete a line from timecard**: Deletes the lines from the timecard(s) when the line matches the criteria entered in the Delete line fields. Use the wildcard (%) or exact values for pattern matching when using this Mass Edit type.

    d. **Add a new line to a timecard**: Allows the user to add values to the selected timecard(s). Wildcards are not appropriate for this Mass Edit Type. Use actual values to add a line.

**Note**: The wildcard or % sign preserves the previously entered value and includes it in the newly added line. If there is not a value in the field (e.g. the **Find** row contains a wildcard (%) and the corresponding field is blank in the **Replace** row) then the original value for that line is retained.

10. **Project** – Select a Project from the LOV in the **Find** row. This should be the Project on the existing timecard which needs to be replaced. In the **Replace** row, enter or search for and select the appropriate Project.
11. **Task** – Select a Task from the LOV in the *Find* row. This should be the Task on the existing timecard which needs to be replaced. In the *Replace* row, enter or search for and select the appropriate Task.

12. **Hours Type** – Enter the Hours Type which corresponds to the timecards that require updates. Enter an EHO Code, if applicable.

   **Note:** If a Project and/or Task is updated, the Hours Type is mandatory as part of the Mass Edit criteria.

13. Update the hours per day, if necessary. To retain the hours already entered on the timecard, leave the *Replace* row blank.

14. Click the *Apply* button to update the timecard lines.
Enter Time as a Timekeeper

15. The timecard is updated based on the information input on the Mass Edit for. Click the Submit Selected Lines button. All validations will be performed.

16. Click OK to acknowledge the Timekeeper Submit Request ID.

Result

Congratulations! You have successfully performed a timecard Mass Edit.
