Go Kit Bags

It is important to ensure you have the proper supplies available in an emergency, and the WHS/OPFM-supplied Go Kit bag is the perfect place to keep them. The bag can be carried or used in an evacuation, internal relocation, or shelter-in-place response.

Only you can determine your exact needs, but some recommended items include:

- Change of clothes
- Comfortable walking shoes
- Extra medication, glasses, contacts
- Nonperishable food and bottled water
- Duplicate car and house keys
- Important phone numbers
- Small first aid kit
- Transportation fare card, etc.

For additional Go Kit bags, or for Emergency Preparedness information, contact the DoDEA Office of Safety & Security
