## 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are ( ) are not ( ) presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ( ) have not ( ), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are ( ) are not ( ) presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have [ballot], have not [ballot], within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ( ) has not ( ), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).)

## Section M - Evaluation Factors for Award

## CLAUSES INCORPORATED BY FULL TEXT

## 52.212-2 ADDENDUM – EVALUATION – COMMERCIAL ITEMS

FAR 52.212-2, is supplemented as follows

- (a) The Government will award one contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. For this procurement, the “Tradeoff” source selection evaluation procedures in accordance with FAR 15 will be utilized to select the ‘Best Value’ to the Government. An award may be made to other than the lowest priced offeror or other than the highest technically rated offeror. Tradeoffs among cost or price and non-cost factors are permitted. To arrive at the best value decision, the Source Selection Authority (SSA) will integrate the source selection team’s evaluations of the factors described in the paragraphs that follow.

To be eligible for award the offeror’s proposal must meet all technical requirements, conform to all required terms and conditions of this solicitation, include all the information required, and a determination of responsibility has been made. Additionally, offerors shall be registered in the System for Award Management (SAM) database to be eligible for award. Failure to comply with the terms and conditions of this solicitation may result in the offeror being ineligible for award.

The following factors and sub-factors shall be used to evaluate offers:

1. **Factor (1) - Technical Capability.** This factor evaluates the offeror’s ability to accomplish the technical requirements outlined in the PWS considering the following three sub-factors:
  - i. *Sub-Factor 1 – Technical Approach.* The offeror’s technical approach to performing general daily, periodic, emergency, and special event services as outlined in the PWS and whether the offeror holds a current valid business license.
  - ii. *Sub-Factor 2 – Management Approach.* The offeror’s approach to the staffing, recruiting, substitution and replacement of qualified personnel to perform day to day contract requirements and the offeror’s capability of managing the requirements outlined in the PWS.
  - iii. *Sub-Factor 3 – Quality Control.* The offeror’s plan for quality control to include the methods to be used to ensure that performance standards will be met, defects will be identified and prevented, and all employees will comply with all safety, security, and environmental requirements as outlined in the PWS.

Combined Technical/Risk Rating Evaluation Process: The offeror’s technical solution will be rated in combination with the risk associated with its technical approach. The combined technical/risk rating process evaluates the degree to which the proposed approach meets or does not meet the minimum capability requirements through consideration of risk in conjunction with an assessment of strengths, weaknesses, and deficiencies. One of the following Technical Ratings, as defined will be assigned:

Outstanding	Proposal meets requirements and indicates an exceptional approach and understanding of the requirements. Strengths far outweigh any weaknesses. Risk of unsuccessful performance is very low.
Good	Proposal meets requirements and indicates a thorough approach and understanding of the requirements. Proposal contains strengths which outweigh any weaknesses. Risk of unsuccessful performance is low.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements. Strengths and weaknesses are offsetting or will have little or no impact on contract performance. Risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal does not clearly meet requirements and has not demonstrated an adequate approach and understanding of the requirements. The proposal has one or more weaknesses which are not offset by strengths. Risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements and contains one or more deficiencies. Proposal is unawardable.

2. **Factor (2) - Past Performance.** This factor assesses the offeror's probability of meeting the solicitation requirements by considering each offeror's demonstrated recent and relevant record of performance in supplying the product and/or services as the effort to be acquired.
- i. In evaluating past performance, the Government may consider past performance information in the Offeror's proposal, information obtained from the Past Performance Questionnaires tailored to the circumstances of the acquisition, or any other sources available to the Government, to include but not limited to, the Past Performance Information Retrieval System (PPIRS), Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Reporting System (eSRS), other federal databases, references from Program Managers and Contracting Officers, past customers, Government agencies and activities, and other sources deemed necessary.
  - ii. If no past performance or non-relevant performance information is available, the offeror will not be rated favorably or unfavorably. A rating of "Unknown Confidence (Neutral)" will be assigned for the Performance Confidence Assessment in the event no record of past performance or information exists.
  - iii. Where relevant performance records indicate performance problems, the Government will consider the number and severity of the problem(s) and appropriateness and effectiveness of any corrective actions taken (not just planned or promised).

Past Performance Evaluation Process: The offeror's past performance will be evaluated to determine how relevant a recent effort accomplished by the offeror is to the effort to be acquired and to assess the confidence the Government has that the offeror will successfully perform the required effort. These evaluations will result in a Past Performance Relevancy Rating and a Performance Confidence Assessment as follows:

- i. *Past Performance Relevancy Rating:* Recent contracts are defined as contracts with a performance record of at least one (1) year and are currently on-going or have been performed within three (3) years from the issuance date of this solicitation. Relevant contracts are defined as those in which the services performed are considered to be the same or similar in nature, scope, magnitude, and complexity when compared to the requirement described in this solicitation, including but limited to the Performance Work Statement and contract type. One of the following Past Performance Relevancy Rating will be assigned:

Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

- ii. *Performance Confidence Assessments:* Past performance will also be evaluated to determine how well the contractor performed on past/present contracts, resulting in a performance confidence assessment rating. The evaluation will assess the quality and usefulness of the offeror's past performance, as it applies to the performance confidence assessment. One of the following Performance Confidence Assessment Rating will be assigned:

Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.
Unknown Confidence (Neutral)	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned.

3. **Factor (3) Price.** Price will not be rated or scored. Price will be evaluated to determine whether it is fair and reasonable and if it reflects the offeror's understanding of the work by using one or more of the price analysis techniques in FAR 15.4. The Government may determine that a proposal is unawardable if the prices proposed are materially unbalanced between CLINs or SUBCLINs. Unbalanced pricing exist when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

For this solicitation, Technical Capability is more important than Past Performance. All evaluation factors other than price when combined are more important than price.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

#### 52.217-5 EVALUATION OF OPTIONS (JUL 1990)

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)
