

## 1 6 Standardized Test Results

DDESS districts administer several different achievement tests. To calculate a system average for DDESS, the mean Normal Curve Equivalent (NCE) scores were first calculated. The corresponding percentile scores were determined using a standard normal conversion table. (The data reflect 14 of the 16 DDESS districts.) DDESS systemwide scores in all subjects at all grades are at or above the national average.

## 1 6 Scholastic Assessment Test SAT Results

The DDESS results on the SAT for 1996 are presented here. The participation rate for DDESS students in 1996 was 46%, which is higher than the national rate of 41%. (For additional information, see SAT data for DoDDS students.)
