**Principal's Highlights**

The Sullivans School is excited about the opening of the new \$45,000,000 addition that opens in August 2000. A new state of the art multi-purpose room, computer lab, early childhood suite, host nation instructional areas, multi-information center and over 20 classrooms are available to meet the needs of over 1400 students.

Our school web page, has recently been upgraded. It's easy to access and bridges the communication gap between home and school as well as with soon-to-arrive families stateside. The components are extensive and are updated monthly to publish and advertise the varied multi-cultural events that occur here in Yokosuka, Japan.

Our new Mission Statement has been streamlined and is regularly stressed with students, faculty and community members. Sullivans School believes that all students will succeed as life long learners through Reading. All grade levels from Kindergarten through Grade 5 have developed and implemented strategies to assist students in becoming more effective and proficient readers.

**DoDEA Strategic Plan: School Improvement Implementation  
School Year 99/00 Priorities**

**Goal 3: Student Achievement And Citizenship**

*Benchmark 3.1: Increase Proficiency in Reading, Language Arts, and Social Studies...*

The comprehensive curricular goal of our school improvement efforts at Sullivans School is for all students to decode and comprehend reading material at or above their grade level and apply these skills to all core curriculum areas. Each grade level and specialist team developed and are implementing specific interventions to improve reading skills.

**Goal 4: Math And Science Achievement**

*Benchmark 4.2: Narrow Achievement Gap between Racial/Ethnic/Gender Grps.*

Each grade developed interventions to work on improving the achievement of students who showed the largest gap in learning skills when compared to peers. These intervention programs provide additional assistance for the students and their parents in supporting learning skills with an emphasis on reading. They include extra assistance with homework and parent training.

**Goal 10: Organizational Development**

*Benchmark 10.7: Effective Communication Sys. for all DoDEA constituencies...*

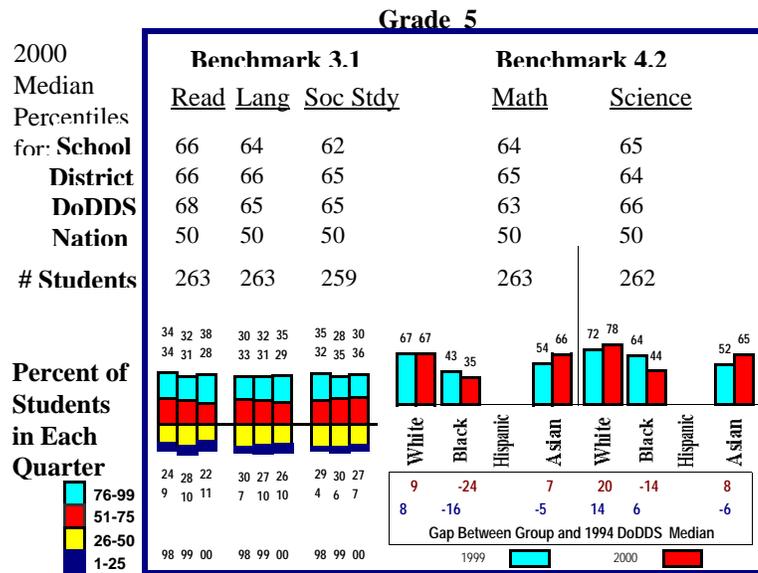

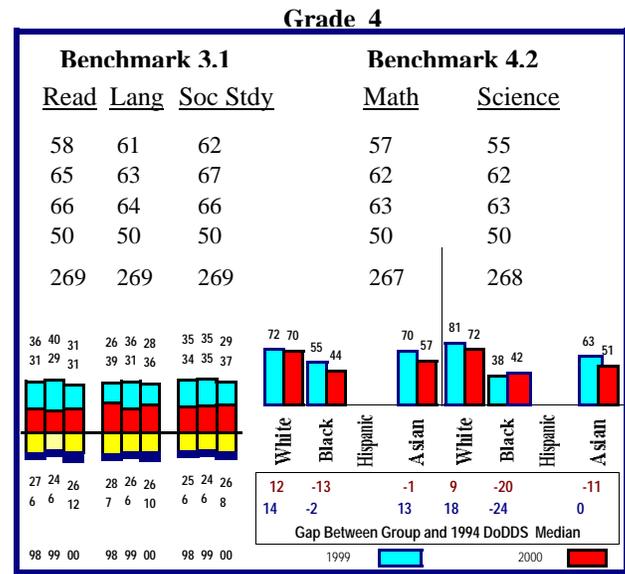

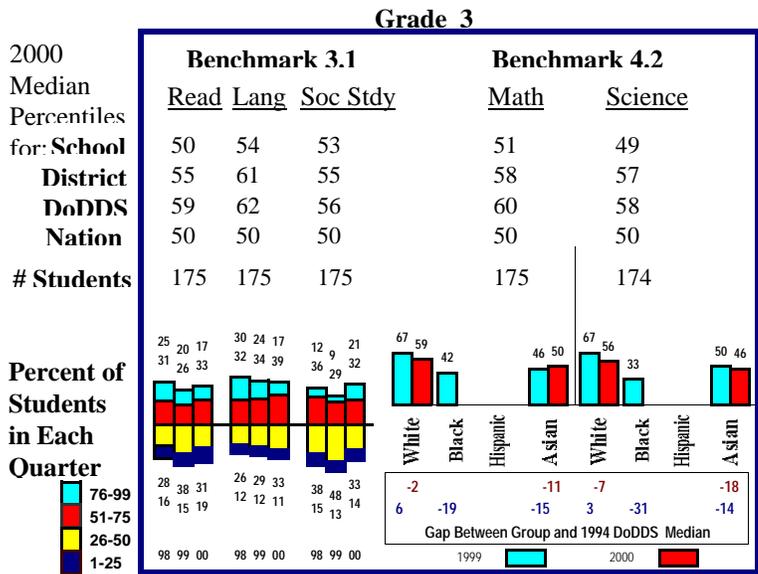

Sullivans increased teachers, student and parent use of electronic technology to communicate with home, school and community. Through two full-day excellent staff development days we familiarized all teachers and parents with means of sharing information among all DoDEA constituencies using e-mail and our new school's website.

*Benchmark 10.8: Establish technology for teachers and administrators.....*

Our school improvement goal is for all students to use computers and other types of electronic technology for an average of at least thirty minutes each week in ways that support language arts and include an oral reading component. 99% of our students achieved this goal during SY 99-00.
