Kindergarten

Kindergarteners have a staggered 1\textsuperscript{st} day of school.

- The staggered start allows your child a more relaxed 1\textsuperscript{st} day of school by starting in a smaller group.
- Your child’s Kindergarten Teacher will contact you and set up a home visit to meet with you and your child the week before their 1\textsuperscript{st} day of school.
- During this meeting your child will get a one on one with their teacher, you will find out when they start school (which “Group”), and it gives you time to discuss any concerns or questions you may have about your child and Kindergarten.
- School supplies will also be collected during you home visits. This will allow the teachers to focus more on the students on their first day rather than the supplies.

**Kindergarten groups are broken down into 3 groups.**

06 SEP - Group 1 comes to school, returns again 09 SEP with the Entire Class.
07 SEP - Group 2 comes to school, returns again 09 SEP with the Entire Class.
08 SEP - Group 3 comes to school, returns again 09 SEP with the Entire Class.
