

IN THEIR WORDS

Readiness and the Defense of Freedom

From our earliest days,
to accomplish this mission, our impact
on and contribution to the readiness of
the force has always been paramount.
A laser-like focus on teaching and learning
has better enabled our warriors and DoD
civilians to make lasting contributions to
military readiness, our nation's defense,
and indeed the defense of freedom
around the world.

Tom Brady
Director, DoDEA (2014 to present)
