

# School Counselors' Corner

## PCSing???

School Liaison Officers (SLOs) are the primary points of contact between military families and public schools. Their role is to smooth school related transitions for military students. Some of the services available through the SLO are:

Transition Support—communicating variations in school calendars, schedules, information on changing schools

Home School Linkages—providing information and resources to assist in proper transitioning in or out of school systems

Postsecondary Opportunities—offering information on scholarships, college and career options, and financial aid

So, whether your move is across the country, out of the country or across town, the School Liaison Officers are available to assist. For more information, contact (910) 432-1008 or [braggschoolliaison@conus.army.mil](mailto:braggschoolliaison@conus.army.mil)

The SLOs are located on the 4<sup>th</sup> floor of the Soldier Support Center and are available Monday through Friday from 8 a.m. to 5 p.m.
