OFFICE OF THE SUPERINTENDENT

April 2, 2020

Good Afternoon, Parents/Guardians,

Student teaching and learning continues in DoDEA Americas! Our schools are continuing with virtual learning until further notice. Students will not report physically to school buildings for the month of April.

Teachers will continue providing student online learning resources. They are working remotely and are available via email to best support students and provide continuous learning opportunities. Please access the online resources at:

<https://sites.google.com/student.dodea.edu/madvirtualllearning/home>

Many teachers are also utilizing their Google Classrooms to share learning resources as well. We will provide more information regarding additional resources as it becomes available. Please visit our District Facebook page at DoDEA Mid-Atlantic District and your school's Facebook page for tips, updates, and to view images of on-line learning.

We will coordinate with the Department of Defense Education Activity (DoDEA) HQ and our local installation leadership to determine future school reopening status for students. Any discussions regarding school buildings being reopened to students will follow a coordinated process established by DoDEA.

We will continue to analyze and adjust our services based on the feedback that we are receiving. In order to reduce screen fatigue we will have a day a week in which students screen time will be dramatically reduced.

We appreciate the support of the parents, all of our staff, and the entire community during this very unprecedented time. We will continue to keep you updated as information unfolds and to provide you with updates on our response to this national COVID-19 pandemic.

Dr. Donato Cuadrado
District Superintendent
DoDEA Americas Mid-Atlantic District
