Mr. Hugh McKinnon

SCHOOL PRINCIPAL

As a DoDEA school administrator for more than a decade, Mr. McKinnon has served as a school principal at every level of the organization to include high school, middle school, and elementary school. His passion for education and helping students inspired him to become an educational leader so that he would be able to help students throughout the schools in which he worked. Although he truly enjoys being a principal, he reflects positively on his time in the classroom where he taught almost every elementary grade as a regular classroom teacher and elementary ESL specialist.

During his career in DoDEA, Mr. McKinnon had the unique experience of assisting in the establishment of DDESS schools on the island of Guam in 1997. In addition to his time at Fort Campbell and Guam, Mr. McKinnon spent two years teaching in Iceland with DoDDS Europe. He believes that his experiences have given him a great perspective on life and the world and he draws on this regularly to find innovative ways to help every student be successful.

When Mr. McKinnon was asked how he felt about becoming the principal of Barsanti Elementary School, he said, “I could not be more pleased to be returning to the elementary school level where my career began. It just feels like home to me and I am looking forward to making it feel that way for the students and stakeholders too. Go Bulldogs!”

ACCREDITATION

All DoDEA Americas Southeast District schools have met the requirements established by the AdvancED Accreditation Commission and Board of Trustees and are accredited by the North Central Association Commission. AdvancED is committed to the mission to advance excellence in education worldwide through accreditation, research and professional services. AdvancED delivers on that mission by:

- Helping schools maximize student success
- Building the capacity of schools and school systems to pursue excellence through high standards, quality assurance, and continuous improvement
- Bringing together research and resources for student, school, and system improvement
- Providing a quality seal that is meaningful and useful to students and parents as they make decisions about their education

As a part of the accreditation process we have established a mission statement through input from the students, the staff, the parents, and the community. This Mission Statement is the basis for establishing priorities which aid in decision-making, and provides an effective basis for comprehensive and continuous evaluation. To advance the Department of Defense Education Activity (DoDEA) schools to new levels of excellence, a community strategic planning process has created a Strategic Plan with goals, guiding principles, strategies, and performance indicators that require educational excellence for all students.

Each staff member has the qualifications and skills needed to contribute to the school’s achievement of the mission statement. Administrators and teachers are certified through DoDEA and other state certification programs which ensure all educators are highly qualified and knowledgeable in their areas of expertise. DoDEA educators maintain content area recertification by taking a minimum of six semester hours of credit every six years.

The ongoing staff development program has the objective of increasing student learning. The school is funded in a manner that meets and exceeds the standards for accreditation to maintain excellence in staff, facilities, and materials needed to meet the needs of the students.

GRADING AND REPORT CARD PROCEDURES

Student report cards are issued every 9 weeks. A student who is starting school for the first time must have been enrolled 20 school days to receive grades for that quarter. Grades for a student transferring to a DoDEA Americas Southeast District school from another school district will be averaged with the current grade to determine the report card grade. The grade reports are distributed four times per school year, or quarterly.

In Kindergarten through third grade, the marking code is not connected to numerical grades. Progress is reported as follows:

- E = Exceeds grade level expectations.
- M = Meets grade level expectations.
- S = Steady progress towards grade level expectations.
- L = Limited Progress towards grade level expectations.

In grades four to twelve, the marking code is connected to a numerical scale as follows:

<table>
<thead>
<tr>
<th>Numerical Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
</tr>
<tr>
<td>80-89</td>
<td>B</td>
</tr>
<tr>
<td>70-79</td>
<td>C</td>
</tr>
</tbody>
</table>
60-69 = D
59 and below is Failing (F)

This marking code is used in the major subject areas of Language Arts, Reading, Mathematics, and Social Studies may also be further noted with a plus (+) or minus (-).

The Learning Skills for grades K-5 are marked with any of the following:

1 = Consistently Observed
2 = Occasionally Observed
3 = Infrequently Observed

Mid-quarter progress reports are distributed as a means of communicating progress for those students at risk of receiving a D or F, at the end of the quarterly marking period. Parents are encouraged to contact their child’s teacher at any time during the school year for a conference to discuss progress, questions, or concerns. DoDEA grading policies and procedures are established at the DoDEA headquarters, not at the local level.

It is the responsibility of the teacher, under the supervision of the Principal, to determine the instructional level of students in reading and mathematics. Once these levels are determined, it is also the teacher’s responsibility to ensure that all assigned work shall be within the students’ instructional level. The assumption is made that if a student is properly placed at his/her instructional level, he/she will be able to successfully complete the required work. If a student’s grade(s) are a D, at or after midterm, the classroom teacher must notify the parent/guardian of the drop in grades and discuss a plan for improvement.

Gradespeed is the DoDEA adopted program for teachers’ of grades 4 through 12 to submit and post grades into the Student Information System. The Gradespeed program offers many special features, including Parent Connection for teacher reporting, and teacher-to-parent communications. Gradespeed’s Parent Connection will give parents online access to their child’s grades via the web. Each parent can request his or her own account. The grade scale in Gradespeed is as follows: A+=100 A=96 A-=92 B+=89 B=86 B-=82 C+=79 C=76 C-=72 D+=69 Go to http://dodea.gradespeed.net to create a parent account. Each school has a brochure with specific directions on how to set up a Gradespeed account. Students will be given a Gradespeed account by their school Educational Technologist.

RECOGNITION AND AWARDS

2.5.1 DoDEA recognizes that rewarding outstanding student achievement and performance is an integral part of the education process and that providing incentives and awards enhances student self-esteem and promotes the goals and mission of DoDEA.

2.5.2 A school awards program may include recognition in a number of areas, e.g., achievement or performance in academics, athletics, school activities, attendance, citizenship, leadership, service, or any other activity deemed worthwhile by the school.

2.5.3 The provision of awards and incentives is the responsibility of the local school. The history, traditions, and current needs of each school should determine the number and nature of the awards given to students. Schools should establish, in writing, the criteria and process for selecting recipients for each award given. The award program should be reviewed at least every two (2) years by the principal in conjunction with parents/sponsors, teachers, and students. The final authority in determining the number, type, and recipients of school awards is the principal.

RETENTION PHILOSOPHY
The following is an excerpt of an article, which appeared in the March 2008 issue of Educational Leadership as related to research on grade-level retention of students.

There is no educational research which indicates that retention is of value. Most educational research indicates that grade-level retention is a harmful practice when applied to many students.

Research does indicate that:

Low-achieving students do progress whether they are retained or promoted.

At the end of the repeated grade, retained students’ scores on achievement tests are somewhat lower in comparison to their counterparts who have moved to the next grade.

There is no evidence that promoting “underachieving and immature” students contributes to emotional and social problems, and there is no evidence that repeating a grade improves these problems.

Students who are far behind academically or who have social or emotional problems need special services and individualized educational plans of management as opposed to another year in the same grade. Fortunately, DoDEA is staffed with a large number of specialists to provide specialized and individualized educational services.

Rather than considering grade-level retention, efforts should focus on assuring that students who are markedly underachieving obtain the appropriate services. An individualized plan of management is essential for these students. The individual student program recognizes each student’s ability and level of achievement. Our school has a Student Support Team (SST) to work with teachers and/or parents making recommendations and suggestions for students to be more successful academically and/or behaviorally.

In rare cases, a parent may request consideration for the retention of a student. Documentation of resource utilization and intervention must be submitted with all retention requests. The SST will be utilized as a Placement Committee to make recommendations to the Principal who makes the final decision. The SST can also work closely with parents, teachers and the Special Education Child Study Committee (CSC) to determine through testing if the child needs special services should that be a conclusion of need.
HOMEBOUND INSTRUCTION

Matriculated students unable to attend classes due to a short-term medically related convalescence (less than 3 months) may be able to receive the services of a home teacher for a short time each day. If you find your child in this situation, contact the schools’ principal or the guidance counselor for more detailed information.

HOMEWORK

Homework is one means of developing the necessary skills of independent study and learning for present and future use. Homework promotes organizational skills and a sense of responsibility. It is also an opportunity for parents to become actively involved in their child’s learning and for each child to reach his/her full potential. Through homework, students are given the opportunity to complete additional practice and application to strengthen skills; to expand and/or enrich regular class work; to complete work started in class; to make up work due to absence.

Teachers may assign homework as determined necessary to enhance student learning that is taking place in the classroom. Each child works at his/her own pace, so the amount of time needed to complete specific assignments may vary. The types of homework may vary to enable the student to have experience/practice in reading, writing, computational skills, and other subject areas during a given week. Frequency and length of assignments will be grade appropriate. At a very minimum, a child should read or be read to 15-20 minutes nightly.

Some teachers follow these general guidelines when assigning homework:

1st grade: 10 – 15 minutes per night
2nd grade: 20 – 30 minutes per night
3rd grade: 30 – 40 minutes per night
4th grade: 40 – 50 minutes per night
5th grade: 50 – 60 minutes per night

Please do not make the issue of homework a battlefield; if your child is working consistently longer than these times, contact the teacher for assistance.

Students are responsible for ensuring that they:
- Understand the homework assignment.
- Take home all books and materials needed to do the assignment.
- Complete the homework in the assigned format and turn it in when it is due.
- Participate actively and cooperatively in the evaluation of their homework when appropriate.

Parents are encouraged to provide an environment which fosters the development of life-long learning skills. This includes:

- A quiet place to work.
- Necessary materials.
- A regular study time.
- Review the student planner.
- Encouragement and praise.

CURRICULUM

Art Program
The Art Program has four primary goals:

**Create Works of Art** - Refers to the creating of art work, art vocabulary, skills development and learning about the elements and principles of design.

**Demonstrate Aesthetic Perception** - Focus upon acute awareness, well-developed observation, appreciation and taste, sense of beauty, intuitiveness, and comprehension.

**Develop Knowledge of Art Heritage** - Delineates the expected outcomes of learning about cultures, individual artists, art masterpieces and art careers.

**Utilize Critical Judgment of the Visual Art** - Refers to the recognition of difference, evaluation, and analysis, comparison, appraisal, discrimination and wisdom in artistic choices.

These goals, through which the learning outcomes of the art program are determined, are aligned with the DoDEA K-12 Visual Arts Standards and the National Standards for Visual Arts Education.

**Music Program**

The DoDEA Music Education Program for kindergarten through twelfth grade has four major goals

**Participate in Various Forms of Musical Expression** - The experiences of singing, playing, listening, moving to, and creating music lead to an understanding of musical concepts.

**Demonstrate an Understanding of Musical Concepts** - To translate or articulate the unique language of music, one should be able to use the vocabulary and notation of music.

**Display an Awareness of the Interrelationship between Music and Society** - Music is a vital part of any society's heritage. Hearing and performing a variety of diverse music helps one to understand the role music has played and continues to play in the lives of all people.

**Display an Understanding and Appreciation of Music as an Art Form** - Music evokes intellectual, aesthetic, emotional, and physical responses. One learns to be sensitive to the power and beauty of music alone and in its interaction with other art forms.

These goals, through which the learning outcomes of the music program are determined, are aligned with the DoDEA K-12 Music Education Standards and the National Standards for Music Education.

**Physical Education Program**

The Physical Education Program ensures all K through 5 students are provided opportunity to participate in a structured physical education program. The Physical Education program for kindergarten through fifth grade has three (3) major goals:

**Personal and Social Development Skills** - Students apply responsible personal and social development skills in the Physical Education setting. They learn to perform activities safely, follow the rules of the class and game, as well as display behaviors that are age appropriate and supportive.
Motor Skills and Movement Patterns - Competency in motor skills and movement patterns is needed to perform a variety of physical activities. The ability to apply movement skills in sequence from simple to more complex will help build a foundation for the other skills to be learned and will assist the student to be successful in future physical activities.

Physical Activity and Fitness - A physically active lifestyle is essential to maintaining a health-enhancing level of physical fitness. Students participate regularly in activities that develop cardio-respiratory endurance, muscular strength and endurance, and aerobic capacity. These activities enhance and support the acquisition of lifetime skills.

We ask that the following guidelines be followed:

- Wear proper physical education attire, shoes included.
- Have a pair of athletic shoes to be used only for PE.
- Always cooperate with the teacher and other students.
- Be prepared to exercise and have fun.

If the student cannot participate for one or two days because of illness or injury, the parent/guardian must write a note stating the reason. Students unable to participate in PE for an extended period are required to have a note from a doctor stating the reason for the limitation or exemption from PE and the period of time the student cannot participate. Students must drink adequate fluids before PE Class. All injuries occurring in Physical Education must be reported immediately to one of the PE teachers, who will decide if the child should go directly to the School Nurse. The PE teacher will inform the class room teacher.

DoDEA provides students opportunities to communicate in multi-lingual and multi-cultural societies through the study of foreign languages. In so doing, the DoDEA Foreign Language Program equips students with necessary global communication tools for life in the 21st Century.

Gifted Education Programs

The Department of Defense Education Activity (DoDEA) provides exemplary educational programs that inspire and prepare all students for success. The goal of the DoDEA Gifted Education program is to identify students with high potential and exceptional performance and to offer challenges that match their strengths and needs.

Services are provided because identified students have a documented need for differentiation and challenge in their instructional program. This differentiation provides daily academic challenge and social-emotional support to ensure continued intellectual growth and development. The DoDEA schools determine the most effective methods to meet the needs of students identified for gifted education services. Schools consider individual strengths in matching student to services because each student has a unique profile of strength.

Students who perform or show the potential for performing at remarkably high levels when compared with others of their age, experience, or environment have learning needs which require differentiated learning experiences. Such experiences are those in which the content, strategies, and expectations of student performance have been adjusted to be appropriate for students identified for gifted services.

Read 180

Read 180 is an intensive reading intervention program designed to meet the needs of struggling readers in grades 3-8.

English as a Second Language (ESL)
The DoDEA community encompasses a diverse population; therefore, a program has been designed to increase English language proficiency for students who have a second language influence. DoDEA’s English as a Second Language (ESL) Program supports over 7,500 students in elementary, middle, and high, schools.

The mission of ESL services is to create a learning environment that encourages assimilation into the second language and culture while maintaining respect for and pride in their cultural and linguistic heritage.

The vision of the ESL program is to deliver comprehensive instruction so that English Language Learners (ELLs) can attain the goals and outcomes as set forth in the DoDEA Community Strategic Plan. Programs for ELL reflect DoDEA’s core values in the belief that students are at the heart of all we do; each student can realize his or her fullest potential; educating the whole child fosters academic, social and emotional well-being; learning environments are student-centered, stimulating and relevant; high-performing educators and leaders make a difference in student success; engaging partnerships enrich the lives of our students; and our diversity inspires excellence and innovation.

SPECIAL PROGRAMS FOR CHILDREN WITH DISABILITIES

Child Find

The purpose of Child Find is to identify children in the community, age 3-21, who may have a disabling condition such as physical, social emotional or cognitive processing difficulties (PSCD). Once located, these students are screened and assessed to determine the nature and extent of special services needed and appropriate placements may be made using available resources. Referrals can be made to the school office for the Child Study Committee (CSC) to contact you.

Students with Disabilities

The mission of the Department of Defense Education Activity (DoDEA) is to provide a quality educational program that prepares all students for success in a global environment. We believe that through equal access to a quality education, all children can be challenged to achieve their best in school, and all can be successful learners.

In DoDEA, students with disabilities are provided a free, appropriate education in schools where placement and service decisions are based on the individual needs of the student, in the least restrictive environment and in accordance with the system's guiding principles. DoDEA is committed to promoting inclusive education, which is defined as the participation of all students, including those with disabilities, limited English proficiency, identified gifts and talents, and other special needs in the general education program, as appropriate.
Attendance Information

School attendance is important and in order to receive the best education, students need to Be Here! DoDEA has implemented a system-wide attendance policy for students in DoDEA schools throughout the world. This new policy is consistent with those found in many public schools throughout the United States. School attendance has been identified as a serious issue for children throughout the country and military children are no exception.

DoDEA’s attendance policy (Regulation 2095.01) provides specific guidance on attendance and identifies support services for students at-risk for not fulfilling the grade or course requirements.

Regular school attendance correlates directly with success in academic work, improves social interaction with adults and peers and provides opportunities for important communication between teachers and students. Regular attendance also has a cumulative effect of establishing life-long positive traits — responsibility, determination, respect for rules of society -- that are critical for developing career readiness skills, success in college and in life.

Highlights of the Attendance Policy

- All students are required to attend school for 180 instructional days per school year.
- Academic penalties will not be imposed for excused absences.
- If the principal pre-approves extended absences, then a student educational monitoring plan shall be implemented to lessen the impact of a student missing school

Excused absences can include:

- Personal illness
- Medical, dental, or mental health appointment
- Serious illness in the student's immediate family
- A death in the student's immediate family or of a relative
- Religious holiday
- Emergency conditions such as fire, flood, or storm
- Unique family circumstances warranting absence and coordinated with school administration.
- College visits that cannot be scheduled on non-school days
- Reasonable amounts of time surrounding deployments and reintegration providing missed schoolwork is obtained in advance and completed upon return.

The policy establishes a balance between the need for military families to spend time together following deployment, while emphasizing the importance of education. We have and will continue to be as flexible as possible in accommodating the precious time families have together but flexibilities and accommodations have limitations, especially when they have an impact on student performance and attendance at school.

Procedures for monitoring daily student attendance and communicating with families are established in this policy. Academic penalties will not be imposed for excused absences. Students at-risk will be monitored by the Student Support Team and school administration to include the identification of supports and interventions.

How parents can help:

- Schedule medical and dental appointments outside of school hours.
- Schedule vacations during school breaks.
- Schedule Permanent Change of Station (PCS) moves to coincide with summer breaks or other scheduled school breaks.
- When moving, check school calendars to be aware of important school dates (beginning/ending of school year; testing dates, breaks, etc.).
- Make it a habit to contact their child's teachers/principals to arrange to pick up missed school work, either in advance if the absence is known, or the same day their child is absent.

**Appointments or Illness**

Students will not be released from school on the basis of a telephone call. Parents must sign-out and sign-in their children when taking them to appointments and back to school. When students are sent home because of illness, they are to be accompanied by their parent(s) or authorized guardian/emergency contact.

**Procedures for Absence Notification**

Parents are asked to call the front office when they know their child will be absent. The sponsor must provide the front office with a written explanation of each absence when the child returns to school. The sponsor’s note, by itself, does not constitute an excused absence.

Parents will be informed of unexcused absences. Students will be required to make up all missed school assignments. Parents are strongly encouraged to work closely with their child’s teachers to ensure all class assignments are completed in a timely manner.

**Release of Students Policy**

During the school day, students will be released only to a parent or to the person named as the emergency contact on the registration form. The only exceptions will be: (1) a signed note is received from the sponsor designating another adult to pick up the student or (2) a military unit has designated someone to pick up the student when parents and emergency contacts could not be reached.

All telephone calls for changes in going home must be received prior to 2:45 p.m. on regular school days and by 1:45 on the early release day in order to contact the teacher. Please do not pick-up your child early (at the end of the day) unless you have a medical appointment or emergency.

**Tardy section**

Students arriving to school late or being dismissed early from school are signed in and out through the front office. The time and reason for being absent from school is noted for accountability. The chart below is used to document Tardy and Early Pick-up absences.

**Tardy and Early Pickup Policy:**

Regulation 2095.01 - Students will be identified present or absent, based upon the following criteria:

- Absent up to 25% of the school day = absent ¼ of the school day
- Absent between 26% to 50% of the school day = absent ½ of the school day
- Absent between 51% to 75% of the school day = absent ¾ of the school day
- Absent between 76% to 100% of the school day = absent full day

Students arriving at school after the instructional day begins are considered tardy. If you know that your child will be late arriving to school, please make certain that a note is sent explaining why they are tardy. A student who is tardy should report to the office for a late slip before going to his/her classroom. A signed appointment slip from the dentist or
doctor may be used in lieu of a note from parents. Parents should come in to the office to sign in their child; or a signed note is requested from parents.

Students who are tardy due to government transportation are excused and will not need to obtain a late slip from the office. A tardy not properly reported by the parent or guardian is unexcused unless circumstances warrant otherwise. The classroom teacher will report students who are frequently tardy to the administration. Parents may be contacted if it is noted that a student has numerous unexcused tardies.

Students with more than 5 unexcused tardies and/or early dismissals and students with more than 7 unexcused absences will be referred to the Student Support Team (SST) and then to the Command if the problem is not resolved.

Information Center (Library)

The purpose of the Information Center is to support the entire school curriculum and to reflect the philosophy, goals, and objectives of the school. The Information Center provides support in intellectual and physical access to information as well as providing students opportunities to expand their world by using various media and technology resources.

Internet Rights and Responsibilities for Students, Staff & Volunteers

We are pleased to offer students access to the school-wide computer network for the Internet.

Access to the Internet enables students to explore thousands of libraries, databases, and bulletin boards. We believe that the Internet provides invaluable resources to our students.

Families should be warned that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well.

Students, staff, and volunteers need to have training and an understanding of Internet use and responsibility before utilizing the Internet. Use of the Internet is a privilege, not a right. Visiting inappropriate sites, or downloading inappropriate files, will result in the cancellation of that privilege. Federal regulation mandates that you protect and conserve government property and not use such property for other than authorized purposes. The Internet at school is government property.

In accordance with DoDEA Administrative Instruction 600.1 “Computer Access and Internet Policy” the parents of all students in grades K-12 are required to sign the Student Network Use Agreement whenever a student registers for school. The agreement covers the use of the school LAN, Internet, and electronic mail (email). The signed agreements are maintained at the school in each student’s file. Students at SCHOOL using the Internet will be under the supervision
of an Internet trained teacher/information specialist, or volunteer whenever accessing the Internet. The information specialist or teacher determines permission for students to print Internet information.

**SCHOOL SUPPLIES**

Schools are responsible for procuring certain supplies. School supplies are available through military exchanges as well as commercial vendors. Parents may wish to purchase supplies after teachers have sent requests for any additional supplies home at the beginning of the school year. Copies of the proposed list of supplies are available in the school office or at any of the base exchanges. The School Supply List also appears in Appendix A.

**ID CARDS**

Per our regulations, all visitors to the school must present their ID card at the front office and sign-in to the school.

**BEFORE AND AFTER SCHOOL CARE**

Before or After school care should be arranged by the parent with child care providers or a day care center.

Students may enter the building at 8:10 am or 8:00 am for breakfast.

School Hours:
- M, W, Th, F (AM) PK 8:15-11:00
- (PM) PK 12:15-3:15
- K – 5th 8:30-3:15
- Tuesday (AM) PK 8:15-11:00
- (PM) PK 12:15-2:00
- K – 5th 8:30-2:00

For safety reasons, students walking or arriving by car to school should not arrive on the school grounds prior to the beginning of the school day.

Students arriving before the designated time may be sent home. Students are not supervised prior to the start of school, nor after school is dismissed. Parents are responsible for seeking alternate arrangements for their children before and after school. The school will not be responsible for students’ care before or after school.

**PARKING AND STUDENT DROP-OFF / PICK UP POLICY**

Parking is permitted in designated areas only. It is important to note and follow traffic patterns at all time.

**Drop-Off and Pick-Up Procedures:**

- Never drop-off students while stopped in the middle of passing traffic lanes.
- Pay attention to the teachers and the students performing crosswalk guard duty, and follow their commands.
- Drive forward all the way to the end of loading/unloading zone or to the car parked in front of you.
- Make sure your children have their things prepared in advance for unloading. This will help us to speed up the process.
- As soon as you are parked and are between LOADING/UNLOADING ZONE signs, quickly load/unload students.
- Do not block the pedestrian crosswalk.
- Load/unload the students on the passenger side of the vehicle.
- Please yield to the vehicles passing on your right when you are pulling out after the drop-off.

Your school will provide additional information as needed.
Use of Equipment

Parents should be aware that not all playground equipment is appropriate for all children who may use the playground. Parents and supervisors should look for posted signs indicating the appropriate age of the users and direct children to equipment appropriate for their age. Toddlers and preschool-age children require more attentive supervision than older children; however, one should not rely on supervision alone to prevent injuries.

Because all playgrounds present some challenge and because children can be expected to use equipment in unintended and unanticipated ways, adult supervision is highly recommended. A playground should allow children to develop gradually and test their skills by providing a series of graduated challenges. The challenges presented should be appropriate for age related abilities and should be ones that children can perceive and choose to undertake. Toddlers, preschool- and school-age children differ dramatically, not only in physical size and ability, but also in their intellectual and social skills.

Our playgrounds are closed to the public when school is in session. The playground equipment is appropriate for children attending the school. We also ask that all children be supervised at all times. Safety shall always be the prime consideration when children are playing. Any situation or activity that poses a hazard will be stopped. Children are expected to use our playground equipment for the purpose it was intended. Consequences of breaking the playground rules may lead to restriction of playground activities or stronger disciplinary action if the behavior is severe or persistent.

1. Children should play in a safe and friendly manner. Children may not throw objects (sticks, rocks, dirt, etc.), call others names, argue, or play in a manner that is too rough. "Play fighting" typically results in real fighting and is prohibited. The school will not support "hitting back". When two children fight at school, both will be considered wrong. Adults are present in all school situations and should be used as a means of intervention before a fight occurs.

2. Children should play only in designated areas and obtain permission from the playground supervisor in order to leave for any reason.

3. Walk to the playground on the sidewalk in an orderly, quiet manner. This is necessary because you will pass classrooms that are in session. Use only "whisper" voices until you get to the playground. Students must use the sidewalks around our building for safety purposes and to save our grass. We want to keep our school campus looking great!
CLASSROOM ENVIRONMENT

Animal or Pets

Per DoDEA regulation, before an animal or pet can be brought into the school for any reason (to include bringing in pets when there are no classes in session), the animal or pet owner must first have written approval from the Principal. Animals that could cause injury or harm to any person, WILL NOT be brought to school. The pet owner will provide a copy of the Veterinarian certificate for the Principal and School Nurse prior to bringing the animal or pet into the school. A copy of this certificate must be kept in the classroom at all times and a copy retained by the School Nurse in an animal/pet veterinary clearance file. In addition, a copy will also be kept on file in the school office. Animals are visitors at our school, not residents. If your child has any animal allergies, please notify our School Nurse in the school Health Office.

Water Bottles

Students are allowed to use personal water containers (plastic only, please) in classrooms and other instructional areas as appropriate. Staff and administrators have the right and responsibility to check the contents of all water containers. Water bottles should be clearly marked with the student’s name and teacher.

No food or drinks will be allowed in the hallways, playgrounds, or stage area

CLUBS / EXTRACURRICULAR ACTIVITIES

All after school clubs and activities (i.e. jump rope, art, music, math, sports, etc.) will normally meet only on days that the school follows a full day schedule, NOT on early release days. Parents whose child frequently rides a bus must make transportation and/or other arrangements for the student to be picked up from school following the activity. Notification of these activities will be published in the parent newsletter along with the day and time of the activity. In addition, due to unforeseen training, meetings, or teacher absences, an activity may be canceled without advanced notice. The sponsoring teacher will endeavor to notify students and parents of the canceled activity if time permits. If the activity is canceled at the last minute, students will be notified through the school intercom system at the end of the instructional day.

Sponsors of clubs and extracurricular activities determine academic and behavioral (disciplinary) requirements that students must meet to participate in school sponsored extracurricular activities or to hold a leadership position in a curriculum-related club, team or student organization.

CAMPUS SAFETY

School security is a national concern. Throughout the United States, youth crime and violence threaten to undermine the safety of our students’ learning environment. Since the Department of Defense Education Activity Americas (DoDEA Americas) represents a cross-section of Americana, all partners in our community education process must understand and support the principles underlying a safe and secure learning environment as applied to creating a safe school. The underlying principles all relate to student rights to a safe and secure learning environment free from the threat or fear of physical violence; free from drugs, alcohol, weapons and other prohibited items; free from hazing, bullying or intimidation; and free from gang or criminal activity.

The Department of Defense Education Activity (DoDEA) follows guidance for the Department of Defense and also issues instructions and policies concerning our schools. DoDEA Regulation 2051.1, Disciplinary Rules and Procedures April 4, 2008 outlines student conduct expectations and disciplinary consequences that may be invoked when the
conduct of a student poses an immediate threat to his/her safety or the safety of others in the school. These student conduct expectations apply to student conduct that is related to a school activity while on school property; while en route between school and home, to include school buses; during lunch period; during or while going to or coming from all school-sponsored events/activities that affect the missions or operations of the school or district including field trips, sporting events, stadium assemblies, and evening school-related activities.

Violence, threats of violence, prohibited items, gang or criminal behavior, and bullying or intimidation will not be tolerated. Perpetrating a bomb threat or complicity in the act is grounds for expulsion. Additionally, local military regulations and laws may authorize criminal prosecution for such actions. Therefore, it is incumbent upon all community education partners – students, parents, military leaders, administrators, faculty and staff – to understand the serious nature of actions violating the principle student freedoms and the scope of authority over infractions as outlined in The DoDEA Disciplinary Rules and Procedures. The administration at each school is responsible for the management of student behavior.

CHILD ABUSE AND NEGLECT

The Department of Defense Educational Activity (DoDEA) which provides administrative services and support to the Domestic Dependent Elementary and Secondary Schools (DDESS) has mandated that any and all school personnel report suspected child abuse and neglect (DoDEA Regulation 2050.9 enclosure 2).

The regulation (2050.9) defines child abuse/neglect as the following:

- Physical injury, sexual maltreatment, emotional maltreatment, deprivation of necessities, or combinations for a child by an individual responsible for the child’s welfare under circumstances indicating that the child’s welfare is harmed or threatened.
  - For further clarification outside of the DoDEA regulation, “negligent treatment” means the failure to provide, for reasons other than poverty, adequate food, clothing, shelter, or medical care so as to seriously endanger the physical health of the child(42 USC Sec.13031). Neglect also includes unattended or inadequate supervision of minors and chronic deprivation of educational opportunities.
- The term [child abuse/neglect] encompasses both acts and omissions on the part of a responsible person.
  - A “child” is a person under 18 years of age for whom a parent, guardian, foster parent, caretaker, employee of a residential facility, or any staff person providing out-of-home care is legally responsible.
  - The term “child” means a natural child, adopted child, stepchild, foster child, or ward.
- The term [child abuse/neglect] also includes an individual of any age who is incapable for self-support because of a mental or physical incapacity and for whom treatment in a Medical Treatment Facility (MTF) is authorized.

Our primary responsibility and concern must be for the safety and welfare of the child. The national mandate to prevent child abuse is so strong that school officials can be charged if they fail to report a suspected case of child abuse. Therefore, any and all suspected cases of child abuse/neglect are to be reported to the appropriate authorities.

Our ethical and mandated responsibilities in the DDESS system require all staff members to report suspected cases to the appropriate school administrator and to the base or post Family Advocacy Program*(FAP). The FAP management team, composed of the military installation’s medical, legal, law enforcement and social work staff, is responsible for determining if child abuse/neglect has occurred and provide appropriate services for the child and family.

*Individual military branches and/or installations may have additional reporting requirements, processes, or procedures. These additional responsibilities do not however, relieve a DDESS employee from their duty to report suspected abuse to their appropriate school administrator and their FAP.

DISCIPLINE AND BEHAVIOR MANAGEMENT
The primary objective of school discipline is to maintain a safe and orderly environment that positively affects academic achievement. Discipline provides an opportunity for students to understand that inappropriate behavior results in appropriate consequences. These consequences are designed to keep the students academically involved. Exclusion from learning opportunities is a final disciplinary option. We believe it is imperative to provide students with feedback for their disruptive behavior and allow for planning to avoid future incidents of behavior.

The school philosophy remains that the teacher is responsible for discipline in the classroom. The focus in the area of student discipline at all levels should always be teaching appropriate behavior and promoting self-discipline. The lowering of a student’s grade shall not be used as punishment. Students’ grades must reflect achievement in the academic area, not the appropriateness of their behavior. Students shall not be assigned additional academic work as a consequence for inappropriate behavior, nor shall they be excluded from any part of the school program unless permission is granted from the principal.

Acts of misconduct should, if a first offense, be dealt with through admonition and counseling between the student and teacher on an individual basis. If the inappropriate behavior continues, the parents will be informed and their assistance sought. This may be done through a conference and/or other school resources, such as the school counselor. Should the disruptive behavior continue following the involvement of the parents, the assistance of the principal will be sought. Every student that is referred to the office will have a completed referral form.

The principal may suspend a student based on the seriousness and frequency of the problem. If a student is placed in “In-School Suspension” where space permits, the teacher will provide ample assignments so that the child is able to remain engaged in learning throughout the day. No child should be academically penalized because he/she was placed in “In-School Suspension”. Corporal punishment is not an option and will not be administered.

If it is necessary to detain a student after school for disciplinary purposes, contact with the parents will be made so that they may arrange transportation and know the whereabouts of their child. Therefore, the teacher will either phone the parents or send home a slip which explains the date(s) and time(s) that the student will be expected to stay. The parents must sign this slip in order for the student to stay.

DoDEA Americas Southeast District Elementary schools operate with four basic rules:
- Be in the right place at the right time
- Treat people, school property and the environment with respect
- Fulfill the responsibilities of a student
- Behave in a manner that reflects favorably upon your family, school, and country
Each teacher has and enforces a classroom discipline plan. The steps of action are:

- Teacher counsels student
- Teacher and student conference and/or peer mediation*
- Teacher calls the parent*
- Student is referred to the counselor
- Teacher and counselor meet to develop behavior interventions; e.g., a behavior plan, 504, SST*
- Teacher and counselor meet with parents to discuss implementation plan*
- Administration, teacher & counselor meet with parent and student*

*Conferences, detentions, suspensions, or referrals are possible at any time depending on the disruptive behavior.

**Prohibited Items**

Some items prohibited at school include, but list is not all inclusive:

- toys; e.g., Pokemon, Digimon, Yugi-OH, electronic pets related toys, other cards and games
- beepers, cell phones or other portable communication devices
- cassette recorders, radios, CD players, iPods or MP3 players
- skateboards, scooters, roller blades, roller skates, wheelies or skate shoes
- stink bombs
- chewing gum or betel nut
- cigarette lighters and matches
- tobacco products; e.g., cigarettes, cigars, pipes, chewing tobacco, smokeless tobacco, snuff
- firecrackers
- weapons and/or ammo (real or pretend)
- laser light pointers

**Searches**

The school has the authority to conduct random and periodic searches of school property and seize contraband items belong to students, and to search student possessions and person when there is reasonable suspicion that the student has engaged in misconduct or is in possession of items prohibited as listed above.

**Student Responsibilities**

Students have the responsibility for being aware of, and respecting the fundamental rights of others, and for participating in the development and observance of all applicable standards of conduct.

**Surveillance**

Surveillance equipment is present in the school and on the school buses. Students may be disciplined based on evidence gathered through surveillance equipment.

**Weapons at School – DoDEA Policy**

*Inherently Dangerous items: Deadly Weapons*
Weapons in this category include firearms, knives (over 2” blade), explosives, realistic replica guns, nun-chucks, ninja knives, large chains and/or other dangerous weapons of no reasonable use to the pupil at school or at a school activity.

*Dangerous/Potentially Dangerous items*

This category includes items not inherently dangerous, used inappropriately to injure or with intent to injure others or instill fear at school or at a school activity including by not limited to unrealistic replica guns, laser pens, small firecrackers, small pocketknives (less than 3” blades), or other inappropriate items.

NOTE: If the school year ends before the length of the suspension/expulsion, students are eligible for re-admittance to school without serving the full length of the expulsion, unless the act occurs during the last 6 weeks of the semester, in which case, the suspension can extend to the end of the next semester.

When firearms are involved, the principal must recommend a full calendar year expulsion.

**CORPORAL PUNISHMENT**

Corporal punishment is defined as the intentional use of physical force upon a student for any alleged offense or behavior, or the use of physical force in an attempt to modify the behavior, thoughts, or attitude of a student. Corporal punishment is not practiced or condoned in DoDEA schools. Permission to administer corporal punishment will not be sought or accepted from any parent, guardian or school official.

1. In –School Suspension (where available): It is designed to keep students in the learning environment; therefore it will be our first choice when possible. It will depend on the availability of a supervised space within the school.

2. Shadow Suspension: When appropriate, the principal may choose to assign a “shadow” suspension where a parent spends the suspension time attending school with the student for the entire day. This involves accompanying the student to each class, and allows the student not to miss valuable instructional time. It also allows the parent to work collaboratively with the classroom teacher by assisting the child during lessons.

3. Home Suspension: This is the traditional form of suspension where the student is sent home in the care of his/her sponsors should they be unwilling or unable to participate in the In-School Suspension. A home suspension is an unexcused absence. During the time the student is suspended, he/she may not be present at school or attend any school-sponsored activities. Student work may be made up and graded.

**STUDENT CONDUCT**

DoDEA Americas has developed guidance for updating and standardizing the policy and procedures for disciplinary action for all students enrolled in DoDEA (April 4, 2008). Regulation 2051.1. The following excerpt lists the grounds for discipline including suspension and expulsion. The document in its entirety is 45 pages and is available on the DoDEA website for anyone wishing to review it. www.am.dodea.edu; scroll down to DoDEA Headquarters; scroll down to DoDEA Regulations; on the right hand side of the page, select 2000s-Education; select 2051.1.

E3.1. General. This enclosure describes student conduct warranting disciplinary action or consequence and provides guidance as to the seriousness of offenses. However, this Regulation does not list every offense nor does it dictate the seriousness of any particular offense. Instead, it describes categories of conduct with sufficient specificity to inform the student of the type of conduct that may result in disciplinary consequence and is intended to alert principals to their flexibility in assessing the seriousness of offenses for purposes of determining the appropriate consequence. Disciplinary sanctions may be imposed for student conduct:

E3.1.1. While on school property.
E3.1.2. While en route between school and home or any school activity.

E3.1.3. While on vehicles owned by the Government or contracted by DoDEA schools for the transport of students.

E3.1.4. During the lunch period on a school day, whether on or off campus.

E3.1.5. During or while going to or from all school-sponsored or school-supervised events/activities that affect the missions or operations of the school or district including field trips, sporting events, stadium assemblies, an evening school-related activities.

E3.1.6. When the good order, safety, or welfare of the school, students, or staff is affected as a result of out-of-school actions. For out-of-school actions that involve First Amendment rights, there must be substantial disruption to the school.

E3.2. School Bus Discipline. Rules of student behavior and disciplinary procedures prescribed in enclosure 8 that are applicable to students en route by DoD-sponsored school buses between home and school and/or school-sponsored events and activities. The school has the discretion to process disciplinary actions for school bus infractions solely within the context of procedures prescribed in enclosure 8, or as a part of school discipline generally. Disciplinary action that might affect the placement of a student with disabilities must be processed under the disciplinary procedures for students with disabilities. (See enclosures 6 and 9)

E3.3. Additional Guidance at the School/District Level. In addition to this guidance, individual schools; school districts; or directorates may promulgate student policies/manuals that implement the procedures of this Regulation subject to prior coordination in accordance with subparagraph 5.2.8 of this Regulation.

E3.4. Discipline for Minor or First Offenses. A student may be disciplined for relatively minor offenses or first offenses not presenting an immediate threat of danger to self or others through the use of written or oral reprimands or notice to the sponsor/parent/guardian, time out, teacher/student/conferences, suspension of school or extracurricular privileges, and by any other teacher intervention deemed by the teacher or principal to be appropriate. Minor offenses include any conduct that is not conducive to the good order and discipline of the school. Examples of conduct for which minor discipline may be appropriate include, but are not limited to: tardiness, unexcused absence, chewing gum or eating food in class, running or horseplay in the halls or classrooms, use of offensive language; disrupting the class by talking, laughing, or wandering about when the teacher determines that such conduct is inappropriate to the classroom activity. Nothing in this paragraph precludes the imposition of more serious disciplinary actions when a student engages in repeated or multiple acts of misconduct and the teacher or principal determined that the nature of the offense, in the context of all circumstances, warrants a more severe consequence than contemplated by this paragraph. Grade (score) reduction as a disciplinary action is not an appropriate means of discipline.

E3.5. Grounds for Removal. A student may be disciplined, to include removal from school (i.e., suspension, expulsion, or out of school placement) in appropriate circumstances; when a preponderance of the evidence demonstrates that the student has engaged in any of the following acts of misconduct:

E3.5.1. Causing, attempting to cause, or threatening to cause, physical injury to another person; or has threatened to use or has used physical force against any person, including physical force that causes serious bodily injury to a person, as defined by section 1365(h)(3) of 18 U.S.C.(reference (k)).

E3.5.2. Possessing, using, or transferring to another person any dangerous weapon (section 930(g)(2) (reference (i)), (e.g., any firearm, knife, explosive, incendiary device, or dangerous object) at the school or at a school-sponsored activity. A minimum 1-year expulsion is required for the possession of firearms.

E3.5.3. Possessing, using, distributing, or the attempted possession; use; or distribution of alcoholic beverages.

E3.5.4. Possessing or using tobacco, or any product containing tobacco or nicotine products; including, but not limited to: cigarettes, cigars, miniature cigars, clove, smokeless tobacco, snuff, chew packets, and betel nut.
E3.5.5. Possessing, using, distributing, or the attempted possession; use or distribution of any illegal/controlled substance; as defined in enclosure 2. A mandatory expulsion recommendation is required for a second offense.

E3.5.6. Offering, arranging, using, or negotiating to sell drug paraphernalia, or the unlawful possession of drug paraphernalia.

E3.5.7. Robbing or extorting, or attempting robbery or extortion.

E3.5.8. Damaging or vandalizing school, U.S. Government, contractor, or private property.

E3.5.9. Stealing, wrongfully appropriating, or attempting to steal or wrongfully appropriate; or knowingly receiving stolen school, Government, contractor, or private property.

E3.5.10. Committing any lewd, indecent, or obscene act; or engaging in habitual profanity or vulgarity.

E3.5.11. Disrupting school activities or otherwise willfully defying the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties. This provision includes not only horseplay and other forms of disorderly conduct, but also includes: lying to and/or making false statements to school personnel, and/or the violation of other rules and guidance established for an orderly educational atmosphere.

E3.5.12. Failing to leave the school, the school grounds, the school bus, or otherwise failing to follow the instructions/directions of the principal or staff member in charge after being told to do so; or is otherwise not authorized to be present in such areas (e.g., expelled or removed).

E3.5.13. Gambling in any form.

E3.5.14. Fighting or otherwise engaging in conduct that endangers the well-being of a student or others.

E3.5.15. Bullying (including cyber bullying) another, or a group (e.g., engaging physical intimidation, taunting, hazing, name calling, insulting, cursing, gesturing, or verbally abusing any person; including, but not limited to: comments, abuse, or harassment based on that person's race, religion, gender, creed, national origin, personal or physical attributes, disability, intellectual ability; and matters pertaining to sexuality, or characteristics of another person or the associates of another person).

E3.5.16. Using portable communications devices contrary to school policy (e.g., beepers, cell phones, personal computers, BlackBerries; other similar devices capable of receiving or transmitting audio, video, picture, or text message; portable electronic devices, including: cameras, electronic games, portable radios, compact disc players, iPods, portable DVD players, or similar devices). Such equipment and devices are subject to confiscation by school authorities.

E3.5.17. Engaging in, or attempting to engage in, acts of arson, making a threat to bomb, burn, or destroy in any manner a school building or school property, or intentionally making a false report of a bomb threat or fire (e.g., making a terrorist or bomb threat, pulling a fire alarm, etc.).

E3.5.18. Forging, cheating, or plagiarizing the work of others.

E3.5.19. Possessing or using fireworks or other explosive devices.

E3.5.20. Violating attendance regulations or policies (i.e., truancy).

E3.5.21. Violating the terms and conditions of the DoDEA Student Computer and Internet Access Agreement, or by illegal or unauthorized means gain access to the computers, software telecommunications, and relate technologies of others; engage in any willful act that causes physical or financial damage or otherwise disrupts information technology, or use a computer or communications device to communicate threatening, harassing, indecent messages; or download obscene or pornographic materials.
E3.5.22. Violating any law, rule, regulation, or policy of the military installation or the school.

E3.5.23. Failing to report or otherwise be complicit in the above-described acts.

E3.6. Notice to Law Enforcement Authorities. The principal of the school shall notify the Installation Commander, or his or her designee for law enforcement or legal affairs, of any acts that may violate local laws or any situations that may pose a threat to the safety or security of the installation.

E3.7. Confiscation of Property. Authorized school officials may immediately confiscate any property belonging to, or in the possession of, any student if the possession or use of that property is inconsistent with the conduct required by this regulation, or good order and discipline. Unless possession of the item is illegal or dangerous, the confiscating official will return the property to the rightful owner or the student's sponsor as soon as is practicable and safe, or issue a receipt for its retention until such time as it may be returned. Confiscation is not considered a disciplinary action, but is accomplished to preserve health and safety, or to provide evidence incidental to the exercise of disciplinary action.

BULLY PREVENTION

In the wake of school violence throughout the world, it is important to analyze the causes of violence and implement preventive measures to assure that every student and adult will feel secure in the school environment. District Schools implement a system-wide bully prevention program as a part of the Safe Schools and Character Education program.

Bullying has been defined as a means to have power over another and many forms: physical, verbal, and indirect such as gossip and isolation. Bullying leaves long-lasting scars for its victims. Bullies higher incidence of antisocial behavior, domestic violence and crime as adults. Society pays a heavy toll for tolerating bullying behavior and bullies.

In the DoDEA Americas Southeast District Schools and community, bullying will not go unchallenged and will not be tolerated. All students, members, parents and the community play vital roles to insure our children are not bullied, do not act as bullies, and will not allow others to bully. Our schools have a moral obligation to provide our students and school community with the proper information, prevention strategies, and defenses to create a safe, accepting and caring environment for all.

EMERGENCY PROCEDURES

Civil Disturbances and Acts of Terrorism

These are politically driven acts of violence. The chances of a civil disturbance or terrorist act occurring in or around the school are very low. Should a civil disturbance or act of terrorism occur at the school, the following actions will be taken:

The school administrator will be notified immediately.

A school administrator will notify the Security Police or designated base Command Post.

The school will follow all procedures and instructions of the Command Post. Administrators will coordinate the implementation of the DoD Force Protection Condition (FPCON) System measures with local security officials or base commanders to ensure the measures are appropriate with the measures contained in the base FPCON plan. A list of the FPCON conditions is listed in DoDEA Reg. 4700.1, Enclosure 3.
DoDEA has established a Crisis Information Web page to help families, educators, and community members understand how to best meet the needs of DoDEA students, staff, and community members in the event of a crisis. The website provides current information for families and educators about school crisis management policies and procedures, and makes available useful resources to help children and adults cope with the stress and anxiety associated with traumatic incidents. This web page can be found at: http://www.DoDEA.edu/instruction/crisis/.

**Emergency Evacuation**

In accordance with our antiterrorism/force protection plan, the school will be evacuated unless otherwise determined by the command and our district office. In cases where the school has to evacuate the premises due to any safety concerns, the students and staff will evacuate to designated locations away from the threat. If we have to leave the school area and/or send students home we will make every effort to contact each sponsor. During the time of any evacuation, all students will remain with their teachers. If information is received from our district office or from the Command Post to send students home, the school will then release the student(s) to the parent/guardian provided proper identification has been presented. We appreciate your cooperation during times such as these. Again, it is imperative that the school has updated contact information in case of any type of emergency. Please contact the school office to ensure all contact numbers are updated and current.

**Emergency School Closure**

Emergency school closure occurs when unforeseen circumstances such as broken water pipes, flooding, loss of power, severe weather, etc., warrant closure to be initiated during non-school hours. The decision to close the school is made through input from the administrators, our superintendent, and the Commander. An announcement of the closure will be broadcast on TV and/or radio, One Call, and through the base command units.

The One Call System allows for each school to contact all of their parents and/or staff with one phone message through an automatic dialing system. At the District level it allows a message to be sent to all parents and/or staff in the same method. This allows greater security and sharing of information with parents and staff. There is a POC at each location that has the necessary codes to access the system.

There are situations in which school may be canceled during school hours. Once again, this decision is made by the individuals stated above. Once the decision has been made to release students, staff members will alert all classrooms. Students who ride the bus will be released to board the bus at a set time. For those students who walk, ride a bike, or are picked up, they may be released once their parent/guardian has been contacted and agree with that process. If we are unable to reach a student’s parent/guardian by the time teachers are released, the teacher will bring them to the office and the office staff will assist in contacting the parent. For these emergencies STUDENTS ARE NOT PERMITTED TO LEAVE SCHOOL GROUNDS WITHOUT THEIR PARENT/GUARDIAN BEING NOTIFIED. As stated before, please ensure all contact numbers are updated at all times with both your child’s teacher and the school office.

**Fire Drill Evacuation Plan**

Fire drills are conducted once each week during the first four weeks of school, and once each month thereafter. A fire evacuation plan is posted in each classroom. All students receive specific instruction and participate in the scheduled fire evacuation drills.

**Fire Alarm Pull Switches**

If a student intentionally pulls a fire alarm switch, they are subject to a probable suspension from school. The student will be reported to the military Fire Department and parents will be notified immediately. Pulling of the switches will not be tolerated and disciplinary action will be taken.
Severe Weather

The tornado season may spawn many severe storms that may affect the military community. It is essential that parents are aware of the local warning system at all times. School attendance may be modified based on storm conditions.

School will be dismissed when the Commander deems it a necessity. Updated information is regularly broadcast on local TV channels and/or local radio stations.

GROOMING AND DRESS

Students are encouraged to take pride in their dress and conduct. All students are expected to dress neatly. Clothing should be appropriate, comfortable and not embarrassing or distracting to others. Students must observe and maintain healthy personal hygiene. Grooming is discouraged during class time. Students shall be required to dress appropriately in accordance with the following requirements to maintain social standards appropriate to a proper learning atmosphere. The following are minimal expectations for dress:

Accessories

No student shall wear sunglasses indoors unless proper medical certification is presented. Sunglasses not medically required may be confiscated. Jewelry should be kept to a minimum. For safety reasons it is strongly recommended that long dangling earrings not be worn to school.
Clothing

The following guidelines apply: Attire advertising drugs, alcohol, sex, signifying gang involvement or affiliation are prohibited. Attire should neither be excessively loose or tight-fitting. Shorts, skirts, skorts and dresses must reach the end of the wearer’s finger tips when arms are straightened loosely along sides or no higher than mid-thigh. Cropped/halter tops (no bare midriffs), sheer and spaghetti-strap clothing that reveal an excess amount of bare skin is prohibited. Tank tops and other revealing types of athletic shirts should not be worn. Clothes should be neat and clean.

Footwear

Shoes must be worn at all times. Only closed toe shoes should be worn. Zories, flip flops, slippers, and steel-toed shoes are not allowed for safety reasons. Sandals may be worn provided they are safe and will not pose a hazard for the student. The heel on footwear should be no more than a half-inch high. Students should plan to wear tennis shoes or other athletic footwear when possible on Physical Education days. We strongly recommend that tennis shoes/athletic footwear be worn at all times.

Hair

Hairstyles must not impair sight or prevent adults from seeing the student’s eyes. In addition, hairstyles may not be outrageous or excessive. Administrators will make final determination regarding any staff referrals due to hairstyles being disruptive or excessive.

Hats and Headwear

No hats or head coverings are permitted in the building or classrooms. This includes headwear such as bandannas. Hats are permissible on the playground. Students should hand carry hats for wear during recess to the cafeteria. Exceptions are to be approved by the principal or the designee.

Coats, Light Jackets, Raincoats:

These items may only be worn to and from school

Accessories:

Accessories must maintain the spirit and intent of the dress code and must not be distractive to the learning environment.

DRESS CODE

Grades Pre-K – 5

The elementary schools maintain a dress code to foster a safe, orderly and professional learning environment for our youth and to align with the DoDEA Vision Statement of “Communities Committed to Success for All Students.” Proper appearance not only makes a good impression to others but also has shown to have a correlation to positive student behavior and increased student achievement. The students represent the United States, our military and Fort Campbell and their dress should demonstrate that representation appropriately.

Fort Campbell elementary school students take pride in being neatly groomed and fashion-conscious. However, they should always be dressed appropriately for the school environment. Students should wear clothing that is appropriate, durable and comfortable. Clothing that is NOT appropriate includes short skirts, tight shorts (also bike shorts or spandex type) and shirts, blouses or tank tops that expose the stomach or exhibit inappropriate language or images. Students are not allowed to wear caps or hats during school hours unless it is part of a school function. Students are not allowed to wear “hoodies”. Students should wear shoes that are comfortable for walking. Flip flops and house shoes (slippers) are
not permitted. Due to the unique environment in each elementary school, parents and sponsors should address specific questions about school attire with the specific building administrator.

The Dress Code is not structured for activities after the school day. However, the administration always expects clothes to be appropriate and properly worn. Each building administrator reserves the right to prohibit a particular item of clothing or accessory if he or she determines that the item presents a safety concern or that the item is materially and substantively disruptive to the learning environment. Each principal has the authority to declare special dress days at his or her discretion and may approve student clothing that exceeds the dress code standards described above (such as suit coats, argyle sweater vests and similar high standard dress items) on a case by case basis. Students wishing to dress in a fashion that they consider to be in excess of the FCSS dress code standards should consult with a school administrator and get permission for the item/s before wearing them to school.

HEALTH SERVICES

Emergency contacts and phone numbers MUST be up to date in case your child becomes ill during the school day.

Height/Weight/Vision/Hearing Screenings

The School Nurse is responsible for the following areas:

Screening for visual, hearing, scoliosis, and other physical problems with appropriate referrals and follow-up. Information from these screenings is confidential, available only to parents and authorized DoDEA personnel.

Maintenance of appropriate current and cumulative health records on each child’s health record.

Facilities, personnel and other provisions for first aid, rest, emergency care, and recuperation when minor injuries or illness occur.

Policies for the prevention and control of communicable disease (The Nurse must clear students after having a communicable disease before reentering school).

The school Nurse is not in a position to diagnosis your child’s health concerns, to prescribe medication, or to offer a prognosis. Please allow your family’s primary care physician to make all decisions regarding the health of your child.

Illness

For the protection of your child and others, students who are ill should stay home. If a student becomes ill during the school day, the parent or guardian will be notified to pick up the student. If a parent cannot be reached, the emergency contact person will be notified. If we are unable to reach the emergency contact, the sponsor’s supervisor will be contacted. Any student with the following symptoms or communicable diseases should not be sent to school, and will be sent home:

- Fever of 100° or higher
- Severe nausea, vomiting or diarrhea
- Suspicious skin rash
- Active head lice
- Conjunctivitis (pink eye)
- Impetigo
- Chicken Pox
- Scabies
- Other symptoms which may interfere with student’s learning and classroom performance
Re-admittance Criteria

- Fever free for 24 hours after school exclusion for temperature 100° F or higher
- No significant nausea, vomiting, or diarrhea for 24 hours
- Chicken pox (Varicella) lesions crusted and dry, at least 5-7 days from onset
- Lice treatment initiated
- Impetigo lesions covered and under care of medical provider
- Conjunctivitis, signs of infection have cleared
- Ringworm covered, under care of medical provider
- Scabies, 8 hours after first prescribed treatment

If your child has any of the above mentioned communicable diseases please notify the school nurse.

DoDEA policy states that a child must be fever free (temperature less than 100°) for 24 hours WITHOUT Tylenol or Motrin. Unfortunately, many children return to school the day after they have been sent home with 100°+ temps. These children are still potentially infectious and they will be sent back home. Please help us protect our large population from the spread of all infectious occurrences.

Medication

For the protection of your child and school staff, we must adhere to DoDEA standards of safety measures regarding the administration of medication.

Medication may NOT be transported to or from school by a student. This includes Tylenol, aspirin, and cough drops. A parent needs to bring the medication directly to the nurses’ office.

Administering Medication

We encourage parents to administer necessary medications to their children at home if possible. When medications must be administered during the school day, the medication must be delivered to the School Nurse in the original container, properly labeled by the pharmacy or physician, stating the name of the student, the medication, the dosage, and current date. Prior to administering the medication, the physician and parent must complete and sign a medication permission form. This form, with signatures of both the physician and the parent, must also be on file before administering routine over-the-counter medications (such as Tylenol, cough medicine, cough drops, etc.) to students.

The School Nurse may train unlicensed personnel to give medications in his or her absence. Designated unlicensed personnel must demonstrate competency in administering prescription drugs before assisting students with medication. In-service training shall include instruction in the safe administration of medication.

Medications given at school must be documented either on an individual log or in an adopted computerized student health management system. Written documentation must include time, dose, route, and signature of the nurse or person administering the medication. Best practice includes an individual log for each medication and each dosage time.

Standing Prescription Orders

Standing prescription orders are written by a physician and apply only to students for which the order may be applicable. It is not necessary for the physician to have previously examined the student. Due to the complexity and joint service provision of health care services to the DoDEA organization, it is not feasible to provide universal standing orders for DoDEA School Nurses worldwide. Individual specific standing orders should be obtained for children with long-term illnesses that require treatment at school. Standing orders must be renewed annually.

Storage of Medication
Medications must be kept in a locked cabinet at school, with the exception of asthma medication. Students diagnosed with asthma must have doctor and parental permission to carry their medication as well as a signed statement taking responsibility for the proper use of the medication.

**Minor Injuries**

Injuries requiring minor first-aid treatment such as scrapes, cuts, minor burns, and insect stings will be managed at the school level by one of our Registered Nurses or other appropriate school personnel.

**Serious Injuries**

In the case of serious injury or illness the following procedure will be followed: The sponsor and/or spouse will be contacted immediately. In the event contact with the parent is not possible, the EMERGENCY CONTACT person will be called. PLEASE MAKE SURE YOUR EMERGENCY CONTACT INFORMATION IS CURRENT AND CORRECT. A 911 call will be initiated when the administrator or School Nurse determines the nature of the illness or injury requires emergency medical attention.

**Immunizations**

Students who enroll in DoDEA schools are required to meet specific immunization requirements. Official proof of immunization must be provided to school officials at the time of initial registration and upon request of school officials to verify immunization compliance i.e., copy of child’s immunization/shot record. (The state of Georgia requires a specific Immunization Certificate form 3032. This form can be obtained at the Martin Army Hospital Immunization Clinic by appointment.)

As of July 2010, DoDEA aligned with the immunization guidance prescribed by the Interstate Compact on Educational Opportunity for Military Children. As a result, provision has been made for students transferring to a new location allowing up to 30 calendar-days after enrollment to obtain any immunization(s) required by the receiving state. For a series of immunizations, initial vaccination must be obtained within 30 days of initial enrollment.

---

All articles found at school are to be turned to the office, or the classroom teacher. Items, such as jewelry or money, must be turned into the school office to be claimed. Unclaimed articles will be donated to charity, after a reasonable amount of time. Students may check the lost and found area in the office for lunch boxes, articles of clothing, and other items.

**LUNCH PROGRAM**

We serve a nutritious USDA compliant hot lunch in our school cafeteria.

Free and Reduced Lunch: Parents interested in applying for free or reduced lunches may pick up an online application at [www.lunchapplication.com](http://www.lunchapplication.com). Families are required to reapply each year.

Until students are approved for free or reduced lunches they must either pay full price for lunches or bring a lunch from home.
Please notify the Child Nutrition Program if you have a child beginning school this year whose sibling was in the Free/Reduced Lunch Program last year. Free/Reduced Lunch Applications for those children who were in the system last year must be renewed each year within the first thirty (30) operating days of the school year.

**Menus**

Menus are distributed to students once a month and are published on the school website.

**Food Allergies**

Students who have documented food allergies must provide a doctor’s statement indicating the nature of the food allergy and what substitutions are to be provided.

**Outstanding Lunchroom Balances and Charges**

A new procedure for handling outstanding lunchroom charges has been adopted by the District to insure that sponsors are informed of the status of their child’s lunch account as well as to enable the District to collect these balances in a timely manner. The procedure follows:

Low balance letters will be sent out once a week when full price students reach a balance of $7.00 and below, and reduced price students reach a balance of $2.00 and below.

If a student charges 2 meals, an attempt to contact the sponsor will be made by telephone. If the sponsor cannot be contacted after three attempts, a letter will be mailed requesting that the outstanding charges be paid. If the balance is not paid within ten (10) working days, the assistance of the superintendent and the sponsor’s military commander may be sought.

Parents may call for an account balance at any time. Money may be sent with the student in an envelope marked with the student’s name and teacher, or parents may come to the cafeteria to make payments. Please do NOT come to make a payment during serving hours.

To better monitor your child’s balance, please inform the cashier/manager if you do not want your child to purchase ala carte items with money in their account. Milk sold separately is considered ala carte. If the child does not bring a drink and doesn’t have money in his/her account, a cup is given for water from the drinking fountain.

Student should not borrow money or lunch from another student. They should not use another student’s PIN number or charge lunch on another student’s account.

**Computerized Lunch System**

**Cafeteria Services**

Cafeterias operate in all Fort Campbell schools and serve nutritious breakfasts and lunches. Daily menus are online at www.am.dodea.edu/Campbell/FCCSCO/Pages/Menu3.htm.

Food and Nutrition Services Meal Account

For each student, the Food and Nutrition Services Office creates a meal account. Parents have the responsibility to ensure adequate funds are available in the meal accounts at all times to avoid negative balances. Meal account payments are taken daily in the cafeteria between the hours of 8:45 - 10:45 a.m. Checks are no longer accepted as payment for meal accounts. In the event your child brings the cash payment to school, please place it in an envelope with your child’s first and last name and teacher’s name on the envelope. For those parents interested in making payments by credit card, internet website [www.lunchprepays.com](http://www.lunchprepays.com) provides access to a 45-day history of what students are buying for breakfast and lunch. For more information parents may go to the website to register or contact the FCS Food Service office at 640-1211 extension 5011 or 5024.

Delinquent Meal Accounts

Reminder notices are run every Tuesday and given to the teachers for distribution to the students. When an account reaches seven charged meals, a courtesy letter is mailed to the sponsor for prompt action. The letter will contain a date by which the account must be brought into a positive balance. If the request for payment goes unheeded a Wage Garnishment by DD Form 139 will automatically be processed through the Military Pay Center. At that time an additional $25.00 processing fee is added to what is owed on the account.

Note: No student will be deprived of a meal at school regardless of lunch account balance. However, we encourage families to keep lunch account balances current. The food service director has been authorized to dock military pay for negligent accounts.

Free or Reduced Priced Meals Application

Families are encouraged to complete an application for free or reduced priced meals. A new application is required for each school year. Only one application is required per family.

You can now apply for Free and Reduced Lunch online:
Go to [www.LunchApplication.com](http://www.LunchApplication.com)

Sack Lunches for Field Trips

Please be advised that sack lunches are available from the cafeteria for field trips. Student meal accounts may be used for payment.

Any unused portion of a meal account will be refunded upon transfer at any time during the school year.

Lunch from Home

Please insure that the lunch:

- Contains a variety of nutritious foods.
- Does not require the use of the microwave or refrigerator.
- Does not contain carbonated drinks.
- Is not packed in an unsafe food container.

We discourage bringing fast food from local restaurants into school cafeterias.

Parties and Parent’s Lunch at School

All children eat at school whether they buy or bring their lunch. If you wish to eat lunch with your child on special occasions, please make reservations with the cafeteria cashier.
Due to allergies, a focus on nutrition, and maximizing instructional time, the DoDEA Americas Southeast District wants to limit bringing in “birthday treats” to share. Contact your child’s classroom teacher for updates.

**Lunchroom Behavior**

Use good table manners.
Talk softly.
Be courteous and respectful to everyone.
Always walk and watch where you are going.
Objects, including food, are never to be thrown.
All food/drinks are consumed in the cafeteria.
Remain seated at your table until dismissed.
Do not share your food and do not ask for food from other students. Parents pay for/prepare what they want each student to eat for lunch.

**Nutrition Break**

Many teachers schedule a nutrition break during the day. Parents may send fruit, cheese/crackers, 100% juice, and other nutritious snacks with their children for this break. Donuts, candy, chips, soda, etc., are not considered to be nutritious and therefore, is not allowed as a snack or at lunch.

**IN-SERVICE / STAFF DEVELOPMENT DAYS / EARLY RELEASE**

Teaching is a dynamic profession, therefore, teachers need to constantly receive in-service training to ensure that they are current and on the cutting edge of what is happening in the field of education. DoDEA incorporates in-service and staff development days throughout the school year. These days are over and above the 180 instructional days in the school calendar. Training may be scheduled for a full day or on Early Release days. This time will give the teachers a block of time to meet and work on school improvement goals and other staff development training. Parents are always welcome and invited to attend these staff development/in-service training sessions. These dates are noted on the school calendar as soon as planned and throughout the year in our school newsletters. At various times throughout the year, additional staff development/in-service days may be scheduled. We will notify parents of these dates as they are announced through our school newsletter.

**PARENTAL INVOLVEMENT**

Research demonstrates that parent involvement is essential for student success. Although you may not become involved in all committees and support organizations in the school, we encourage the following activities for your parental support:

Join PTO and participate in meetings and activities.
Have lunch at school with your child regularly.
Volunteer in your child’s classroom.
Establish a daily study time at home (even when there’s no homework).
Join the faculty on the first Wednesday of the month for our School Improvement Leadership Team meetings
Keep informed of school events and activities by reading the School newsletter and your child’s classroom newsletter.
Communicate frequently with your child’s teacher.
Prepare for and participate in parent-teacher conferences.
Ensure your child has a well-balanced breakfast and comes to school with completed homework, lunch money and school supplies.

PARENTAL QUESTIONS AND CONCERNS

Parents who have questions and/or concerns are requested to resolve it at the most appropriate and immediate level. For typical classroom matters, the following procedures should apply in order as needed:

Step 1. The parent discusses the matter with the teacher.
Step 2. The parent and teacher meet with the principal if the matter is not resolved in step 1.
Step 3. Those matters which cannot be resolved at the school level are referred to the Community Superintendent’s Office, 270-439-1927

These procedures follow the correct chain-of-command/line of authority from teacher to principal to superintendent and focus on resolution at the lowest level. Parents are encouraged to seek immediate resolution of problems. Prompt action can frequently prevent complications and more serious problems later on.

CHANGE OF CLASSROOM ASSIGNMENT

On occasion, classroom size may grow beyond an expected or desirable student-teacher ratio. In such cases, an additional class or a multi-age classroom may be formed and a new teacher hired. The new class will be formed by randomly selecting students from existing classes to create the new class. In the event of decreased classroom enrollment, classes may be combined to form one larger class.

PARENT-TEACHER CONFERENCES

Parent-teacher conferences are held at the end of the first grading period. Report cards are distributed to parents during the conference. Conferences to discuss concerns, questions, and student progress may be scheduled at any time during the school year. Parents are encouraged to contact their child’s teacher as soon as questions arise. Requests for conferences may also be left at the school office for delivery to the teacher.

PARENT-TEACHER ORGANIZATION (PTO)

The PTO, an organization of parents and teachers, works for a better school environment by providing both financial and volunteer support for our school programs. The PTO sponsors a variety of activities such as book fairs, school pictures, monthly birthday celebrations for all children, the sale of school t-shirts and many other events. The Parent-Teacher Organization consists of the following positions: President, Vice President, Secretary, and Treasurer. In addition, there are several committee coordinator positions that vary by the school PTO such as volunteer, spirit week, membership and box tops. If you are interested in volunteering, serving on the executive board, or being a committee coordinator, please contact the PTO.

PTO Objectives

The PTO is a non-profit, non-partisan, and non-sectarian organization. It cooperates with the school to support the improvement of education in ways that will not interfere with the education of students or the mission of the school and does not seek to control school policies.
**Specific objectives include:**

Providing a medium for exchange of information among parents, teachers, and other interested groups.

Encouraging and developing programs and activities, which serve to enhance the quality of student education.

Identifying and promoting opportunities for students to secure the highest advantage in their academic, physical, and social growth.

Encouraging and maintaining a working dialogue between members, the local educational school system, the local government, and the community at-large on matters affecting the general welfare and education of students. Membership is open to all parents and legal guardians of students attending the school as well as school staff. Contact the school for membership information.
Volunteers are always needed and are a part of the total school program. They assist in the classrooms, office, special subject and resource rooms, and educational support areas. If a parent is volunteering in a classroom, we ask that you please make alternative arrangements for siblings. They are not allowed in the room during the instructional day. We encourage active participation by parents in their child’s education and while, younger children are precious, they may be distracting to students in the classroom. We appreciate your understanding and thank you for your support.

In order to ensure the safety of all students, DoDEA policy requires that all volunteers complete an application and background check. Temporary school volunteers must not have unsupervised access to students and must be under the direct-line-of-sight supervision of a DoDEA employee at all times. A specified volunteer may have unsupervised access to students once they receive a favorable background check. The military police department is the point of contact for background checks. An outside licensed agency may provide the background check, however it must be mailed from the agency directly to the school principal. The application may be found in Appendix E.

COPIER USAGE

Volunteers are not allowed to use the school copiers unless they have completed training. The office will maintain a list of volunteers who complete this training. If you are a volunteer and would like to have training, please inquire about training in the school office.

They have a responsibility to avoid libel, slander, obscenity, profanity, known falsehood, and disregard for truth.

**SCHOOL BOARD**

School Boards act in an advisory capacity, providing input to the community superintendent and administrators in the area of fiscal, personnel and educational policies, procedures and programs. The DoDEA community superintendent makes the final decisions on matters affecting the school community.

School board members are expected to attend all open and executive session school board meetings.

**SCHOOL NEWSLETTER**

School newsletters are published throughout the school year. The school office will email the newsletter to all parents whose correct email address is on file in the school office. The school newsletter is emailed in a PDF format. Your computer will need to have the Adobe Acrobat Reader installed in order to view the newsletter. You can obtain this program (if you do not already have it installed on your system) on the Internet for free. If you are unable to or have difficulty opening the newsletter, the office will print a copy for you. The purpose of our school newsletter is to inform
our parents, teachers and general military support of upcoming events and activities taking place in our educational system. Please keep an accurate email address on file in the school office.

**SCHOOL PICTURES**

The PTO schedules school pictures for all students within the first two months of school. Schedules, picture packages, and additional information are sent home with your child well in advance of school picture day. If you have a problem with your child’s photographs, please contact the school office and a contact name and number will be provided to you. The school is not responsible for the quality, misplacement, or services of school pictures.

**STUDENT PLACEMENT AND CLASS SELECTION**

Students are placed in classes based on their learning needs and the number of students already assigned to classes. An administrator is responsible for these decisions. Every attempt is made to maintain well-balanced and equitable groups. NAME REQUESTS FOR TEACHERS ARE NOT ACCEPTED. The school will do its best to match your child’s learning style with a matching teaching style. If you wish to discuss your child’s placement, please contact the school Principal, not the child’s teacher.

**STUDENT RECORDS**

Parents may review their child’s cumulative school records at any time with the assistance of school personnel as long as it does not interrupt instruction. School records may not be removed from the main office.

**CHANGE IN STUDENT INFORMATION**

It is imperative we maintain accurate, up-to-date information on each student enrolled in our school. We request parents to notify us immediately if there is a change in any of the following information:

- Home address
- Home telephone number
- Work telephone number
- Emergency contact name and/or telephone number
- Rotation date
- Mailing address
- Student health concerns/allergies
- Student’s Last Name
- Email Address

We are legally required to maintain current orders or extension to orders in order to enroll or reenroll all students.

**COURT ORDERS**

Parents and/or guardians must supply the school with a copy of any type of court order that may affect the student (e.g., who is allowed to visit the child, who has legal custody, etc.). These orders will be maintained in the student’s cumulative file. If any changes take place during the school year with the court order, the school must be notified immediately. Teachers will be notified of any restrictions that affect students in their classes.

**POWER OF ATTORNEY**
If you plan to be TDY, or on any other type of leave while your child(ren) is/are attending school, please be sure to obtain a special power of attorney to be used in case of emergency, and inform the teacher and school office of the name, address, and telephone number of the person taking care of your child. In addition, please notify the School Nurse, so they will know whom to contact in case of emergency. The School Registrar will keep a copy of the power of attorney in your child’s cumulative file for emergency situations.

**WITHDRAWALS AND TRANSFERS**

Upon receiving final notification of your departure from the community, please inform the school office personnel (registrar) at least two weeks prior to your actual departure. This notification is needed to prepare your child’s report card and other school records. No progress marks are given in any quarter unless the child has attended school for 20 days during that quarter. In the final quarter, no recommendation for grade placement can be given unless the child attends school for 20 days in that quarter.

Elementary school withdrawal is different than higher grades regarding requirements and is based on the 20-day rule. With ten days prior notification, parents are welcome to pick up student records from the office on the last day of student attendance, after 2:30 p.m. The sponsor/spouse must sign for records, provide a copy of orders, and present an I.D. to receive the child’s school records.

It is DoDEA policy that copies of student records are sealed and given to parents to be hand carried to their next school. Official (original) records will be sealed and mailed upon request by the receiving school. Parents who would like a copy of their child’s records for their personal files must personally request an extra set of records to be made when filling out the withdrawal form. We cannot make personal copies without advance notice. It is a requirement to clear all debts (payment for lost or damaged books, library fines, cafeteria charges, etc.) BEFORE the last day of attendance.

**EARLY WITHDRAWAL OF STUDENTS**

If a student is departing school with less than 20 school days in attendance, prior to the end of the school year and due to official military orders, the following statement will be written on their report card:

> “Although (student’s name) was unable to complete the school year due to the military transfer of his/her family, had he/she continued their current progress through (the date for 20 days of attendance) he/she would have been promoted to grade ___ next school year.”

If a child is departing school on or after the date of 20 days of attendance in the 4th quarter his/her report card will be completed as usual, to include all grades, comments, and promotion to the next grade level.

**Early Withdrawal Policy per DoDEA Policy**

Excerpt from policy: The policy therefore requires that students present verification of the date of their sponsor’s departure, i.e., Permanent Change of Station (PCS) or other official orders, to school officials in order to receive consideration for full academic credit. Students who withdraw prior to the 20-day limit receive a “withdrawal” grade rather than a final grade. At the elementary school level, administrators may annotate the child’s progress report to indicate the student’s status.

**STUDY TRIPS**

Academics are not restricted to the classroom, but take place in the community as well. Therefore, study trips may be ongoing throughout the school year. A letter from your child’s teacher, to include the date, time, and destination of the study trip, will be sent home the week prior to the planned trip. At various times during the school year, classes may take study trips as part of the instructional program. Study trips are considered part of the instructional day. Children
MUST HAVE A PERMISSION SLIP SIGNED BY THE PARENT before they go on any trip leaving the school. If a parent does not want to send their child on a study trip, the teacher will make alternate arrangements for the child to attend another class for the period of the study trip or parents may elect to keep their child at home. Parents may attend the study trip with the child in these instances. Chaperones may not bring siblings/infants on a study trip. As an invited chaperone, one’s responsibility must be to help supervise all the students in the classroom.

GUIDELINES FOR CHAPERONES

1. All chaperones pay their way (entrance fees, transportation, if not DoDEA funded bus, etc.).

2. Other younger/preschool age children in the family will not be allowed to accompany parents on a trip, as they tend to distract parents and students alike.

3. Children from other classrooms will not be allowed to accompany their brothers/sisters on a study trip.

4. UNDER NO CIRCUMSTANCES ARE CHAPERONES TO SMOKE OR DRINK ALCOHOLIC BEVERAGES AT ANY TIME DURING A STUDY TRIP.

5. Chaperones are required to accompany the class to and from the trip. Following the bus in their private vehicle is not close supervision.

6. Chaperones may not transport their student or any other student to and from the study trip. Students are required to ride the bus to and from the study trip. Under no circumstances may a child be checked out from the study trip (with the exception of a bona fide emergency). The child MUST return to the school and then he/she may be checked out at that time.

7. Chaperones must have an approved volunteer application on file prior to attending a field trip as a chaperone. Please allow 5 business days for processing of all volunteer request forms.
TELEPHONE MESSAGES

Teachers

To avoid disrupting instructional time, only emergency messages from parents will be delivered to teachers in classrooms. All other messages from parents will be placed in teachers’ boxes or sent to the teacher via email, which they may be able to receive during the “Specials” period or at lunch. To ensure the teacher receives your message, please call by 10:00 a.m. to allow the school office ample time to send the message. In addition, the school intercom system will not be used to deliver messages to students or to check your child out of the classroom unless there is an emergency approved by an administrator.

Students

Due to classroom transitions throughout the school day, it is not always possible to relay phone messages to students. To avoid disrupting instructional time, only emergency messages will be delivered directly to classrooms. All other messages will be sent to the homeroom teacher via email. The school office cannot guarantee delivery of phone messages to students received after 1:00 p.m. Please provide your child with transportation/pick-up instructions prior to start of school.

TRANSPORTATION

Bicycles

Some students who live close to the school arrive and depart the school on bicycles. These students should wear helmets (due to post regulations) and safety equipment as needed. Take precautions, obey traffic rules and use extra care crossing streets when riding bikes to and from school. Students are to walk their bicycles on the sidewalk and not on the grass. Transported bus students who live several miles from the school should ride their assigned bus or be transported by a parent or guardian (rather than ride a bicycle to the school).

Bicycle Racks

Students must place their bicycles in slots on a school provided bicycle rack. Students are not to leave their bicycles on the ground or park them in front of the exit doors. Students should not take up more than one space for their bicycle. Students are strongly encouraged to lock up their bicycles. The school is not liable for missing or stolen bicycles. Bicycles not parked appropriately may be confiscated for pickup by student or by a parent.

BUS PROCEDURES

Student transportation is the responsibility of the Student Transportation Office with support from the school principal. All students who ride DoDEA school buses must be registered with the DoDEA schools. All Pre-Kindergarten, PSCD and Kindergarten students MUST be picked up by a parent/guardian at the child’s bus stop location. Bus drivers are not authorized to release these students if the parent/guardian is not there to pick them up. Students will be brought back to the school office and parents will be notified to come pick them up. Students must be picked up immediately after the sponsor is notified, or Security Forces may be notified.
Parents, sponsor, guardians and students are reminded that bus transportation to and from school is a privilege, which can be revoked administratively when students violate the expected standards of conduct and discipline while riding the bus.

Students should follow the same basic guidelines as listed under Behavior Management Plan (Appendix C). When a student violates these rules which have been provided for student safety and well-being, school administrator or transportation officials can suspend student’s bus privileges (see Appendix D & E). It then becomes the sponsor’s responsibility to provide transportation to and from school for the student during the period of suspension. All questions concerning student transportation should be addressed to the transportation office.

**VIDEO SURVEILLANCE**

School buses may be equipped with video cameras. Public areas of the school may also have video surveillance as a means to ensure safety of our students.

**SCOOTERS AND SKATEBOARDS**

The use of scooters AND skateboards anywhere on campus is prohibited at all times. If a scooter or skateboard comes to school, it will be confiscated for the day and MUST be carried off campus at the end of the day. If a student is caught riding their scooter or skateboard on campus, it will be confiscated and turned into the office. Parents may be notified. Signs are posted throughout the campus to remind the students of this policy.

**SKATE SHOES**

Skate shoes are strictly prohibited anywhere on campus. While these shoes, with retractable wheels (“wheelies”), may be a lot of fun, they present a serious safety concern at school. Students should not wear these types of shoes to school at any time, for any reason. Failure to follow this policy will result in a phone call to the parents requesting another pair of shoes, and/or the wheels being removed and kept in the main office for pickup.

**VISITORS**

Parents and other responsible adults are always welcome at school. If you know in advance that you will be visiting your child’s classroom, we encourage you to notify your child’s teacher ahead of time so they are prepared for your visit. We do not allow students to bring friends or other non-registered students to school due to liability and space restrictions. In addition, parents may not bring younger siblings, other children, or babies with them when they visit or volunteer in a classroom. This can be a serious distraction from the learning environment for all students.

DoDEA policy mandates use of visitor badges and positive identification of all visitors and contractors. In compliance with this policy, upon arrival, ALL visitors are required to come to the school office, sign in, show identification, and receive a visitor’s badge. All visitors MUST sign out and return the visitor’s badge upon leaving the building.
