MAR 01 2013

The Honorable Jerry Brown
Governor
State of California
Sacramento, CA 95814

Dear Governor Brown:

As you are likely aware, due to the inability of Congress to reach a deal on balanced deficit reduction to avoid sequestration, the President will be required by law to issue a sequestration order later today canceling approximately $85 billion in budgetary resources across the Federal Government, of which nearly $41 billion would come from the Department of Defense (DoD). Another sequestration order could be issued later this month, which could result in a combined reduction for DoD of as much as $46 billion – roughly a 9 percent reduction in our entire budget except for military personnel funding, which current law permitted the President to exempt.

These cuts must be fully accommodated during the remaining seven months of Fiscal Year (FY) 2013. In addition, the current DoD appropriation (the so-called Continuing Resolution) does not allocate adequate funding for current operations, which greatly adds to the Department’s FY 2013 budgetary problems. Because your State plays an important part in supporting DoD and our national security, we wanted to provide you with the information we currently have available about how these unfortunate budgetary adjustments impact us, and in turn what it means for our installations and contractors in California.

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Navy could be forced to cancel maintenance on 5 ships in San Diego and aircraft maintenance in North Island. The Army would lose $54 million in base operations funding across California, including cuts at the Presidio of Monterey and Fort Irwin. Operations at Sierra Army Depot could experience a reduction of as much as $167 million. The Air Force would suffer a cut of at least $26 million to their operations in the State, including reductions in facilities projects at Beale, Edwards, Travis, and Vandenberg Air Force Bases. We are still assessing detailed changes and will be able to provide additional information on cutbacks in California as we compile a more complete list.
In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morale and productivity of the approximately 64,000 DoD civilian employees who work in California. If we have to impose these furloughs, it will mean roughly a 20 percent pay cut over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about $420 million just in California.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are unfortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission. In addition, we are prepared to work closely with you to manage these reductions to the extent that we can. Should Congress take subsequent actions that change the level or nature of these reductions, we are committed to working closely with you to manage changes quickly.

Thank you for your continued partnership with the Department of Defense and for your cooperation as we work together to accommodate these unfortunate circumstances.
The Honorable Robert Bentley  
Governor  
State of Alabama  
Montgomery, AL 36130  

Dear Governor Bentley:

We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Army would lose $91 million in base operations funding across Alabama, including cuts at Fort Rucker and Fort McClellan. Depot operations at Anniston could experience a reduction of as much as $710 million. The Air Force would suffer a cut of at least $8 million to their operations in the State, including reductions in facilities projects at Maxwell Air Force Base. We are still assessing detailed changes and will be able to provide additional information on cutbacks in Alabama as we compile a more complete list.
In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morale and productivity of the approximately 27,000 DoD civilian employees who work in Alabama. If we have to impose these furloughs, it will mean roughly a 20 percent pay cut over a nearly six month period for these dedicated civil servants, who in turn will presumably spend less in your economy. We estimate that a 22-workday furlough could result in a payroll reduction of about $184 million just in Alabama.

Lastly, it should be noted that sequestration will also affect Defense contractors and, therefore, the industrial base in your State.

While these reductions are unfortunate and will be damaging, the Department is doing everything within our power to minimize adverse effects on our national security mission. We do not yet have a complete inventory of the required cutbacks, but I can provide some examples: The Army would lose $124 million in base operations funding across Washington, including cuts at Joint Base Lewis-McCord. The Air Force would suffer a cut of at least $3 million, including reductions in facilities projects at Fairchild Air Force Base. The Navy would face cancellation of aircraft depot maintenance at Whidbey Island and a demolition project in Bremerton. We are still assessing detailed changes and will be able to provide additional information on cutbacks in Washington as we compile a more complete list.
In addition, to accommodate all the cutbacks that would be imposed in the absence of further Congressional action, we will be forced to place most of our DoD civilian employees on unpaid furlough status for up to 22 discontinuous workdays. Almost certainly, this unfortunate action has already had serious adverse effects on the morale and productivity of the approximately 29,000 DoD civilian employees who work in Washington. Depot operations at Red River and Corpus Christi could experience a reduction of as much as $1.4 billion. The Air Force would suffer a cut of at least $92 million, including reductions in facilities projects at Lackland, Randolph, and Sheppard Air Force Bases.
