

## DoDEA Virtual School 2020-2021

Dear Parents and Sponsors,

We are pleased and excited to announce the launching of the DoDEA Virtual School K-8 Option website. This website is your one source for the most updated and comprehensive virtual school information. You may access the website at this address:

<https://www.dodea.edu/DVSK8/index.cfm>

Upon visiting the website, you will find information organized into tabs. These tabs include the virtual school orientation, technical requirements, eligibility/registration, curriculum/courseware, student responsibilities, parent responsibilities, online learning, local school support, library services, grading practices, glossary, and virtual option. The virtual option tab provides a description of the difference between the Remote and Virtual Learning options. You may access this tab directly at this address:

<https://www.dodea.edu/dvhs/Virtual-Option.cfm>

At this time, virtual school enrollment is almost finalized and teachers are currently in the process of reaching out to students and parents. There may be delayed contact for some high school world language courses. Please note that students will not see their classes or their enrollment until courses go live.

We are obligated to use the contact information you have provided in the DoDEA school information system. If you would prefer to be contacted using a different email address or phone number, kindly reach out to the local school registrar and have your information officially updated. Please be aware that the DVS is unable to update that information for you.

Should you have additional questions after visiting the website and contacting your virtual school teacher, we have created three regional contact points. The contact addresses may be found on the website and are as follows: [DVS.Americas@dodea.edu](mailto:DVS.Americas@dodea.edu), [DVS.Europe@dodea.edu](mailto:DVS.Europe@dodea.edu), [DVS.Pacific@dodea.edu](mailto:DVS.Pacific@dodea.edu).

We greatly appreciate your support as we continue our exciting virtual school journey together!

Respectfully,  
DoDEA Virtual School Team
