

DoDEA Virtual School 2020-2021

Dear Parents and Sponsors,

We are delighted to share that the DoDEA Virtual School K-8 Option website has opened to great success! The website has had over 6,500 visits since it was launched. Please continue to use this resource for the most updated and comprehensive virtual school information. You may access the website at this address: <https://www.dodea.edu/DVSK8/index.cfm>

All K-5 and 6-8 enrollments have been completed and teachers have reached out to students and parents. Please note that some high school schedules are still being finalized and contact will be made upon a confirmed schedule. Students should be able to view their courses on Monday, with some delay for high school students.

In the event a parent has not yet been contacted by a DVS teacher, please verify your contact information in ASPEN with the local school registrar before contacting the DVS. Parents should not send an alternate email address to the DVS. The DVS is unable to make any changes to the official contact information in ASPEN for parents, but we rely upon its accuracy for effective communication.

We are pleased to have our DoDEA Headquarters Instructional Systems Specialists join the DVS. Please note that some DVS teachers are currently in transition; therefore, this cadre of subject matter experts will assist with instruction until teacher transitions are complete. These outstanding educators will use their skills and experience to ensure continuity of high quality instruction and an equitable learning experience for every DoDEA virtual school student.

Thank you for your continued support of our virtual school journey!

Regards,
DoDEA Virtual School Team
