

DoDEA Virtual School 2020-2021

Dear Parents and Sponsors,

DoDEA recognizes that students and families with health vulnerabilities related to COVID-19 may still have concerns about returning to in-person instruction during second semester. To address parents' concerns, DoDEA will continue the K-12 virtual option for the **second semester of school year 2020-21**. Parents that choose to enroll their students in the Virtual School option must agree to remain for the full second semester.

If your child is already enrolled in the DoDEA Virtual School, we ask that parents re-register by **logging in to the Aspen Parent Portal using their child's username and password**. This re-registration needs to be completed by the November 6, 2020 deadline.

Families who choose to transition to in-person instruction at their DoDEA home school for the second semester, will also need to register through the **Aspen Parent Portal using their child's username and password**. This needs to be completed by the November 6, 2020 deadline.

The enrollment period will begin on Thursday, October 15, and remain open through Friday, November 6. This three week period will allow for parents with students currently in the DoDEA Virtual School (DVS) to have first quarter report cards and a parent-teacher-conference prior to committing to DVS for the second semester.

Detailed information about the Aspen Parent Portal can be found at <https://www.dodea.edu/returntoschool.cfm>

If you have additional questions, you can email vslearningoption@dodea.edu.

Thank you for your continued support of our virtual school journey!
