## The DANGER ZONE around a School Bus

Most school bus incidents occur when children disembark from the bus and disappear from the driver's view.

The most dangerous area for children is the School Bus Danger Zone that extends 10 feet from the bus in all directions.

When leaving the bus, children should walk 10 feet away from the bus before turning.

**KEEP 10 FEET AWAY FROM THE BUS - WALK STRAIGHT TO AND FROM THE DOOR FROM THE SIDEWALK**
