

A BIG GEMS ANNOUNCEMENT

Mama crayfish in the grade 3-4 classroom is expecting babies later this fall!

Stay tuned for all the latest and monitor her and babies' progress on our [crayfish cam](#). Check out our [survey](#) to answer these questions:

When do you think the first baby crayfish will hatch?

How many baby crayfish do you think we will end up with?

Visit facts.kiddle.co/Crayfish for more information on crayfish.

A PSA regarding exotic pets: Please remember that it is not safe to release non-native pets (goldfish, crayfish, reptiles, toads, etc.) and plants into the wild at any point. Introducing invasive species is against the law anywhere. Consider this when picking out family pet(s) as you will have to find a new home for them when you PCS move.
