

# Kimberly Hampton Kindergarten

## Newsletter

February 2019

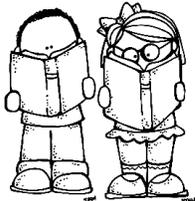

### Literacy News

During the month of February, kindergarten students will move into unit six of the Benchmark Advance series. During unit six, students will focus on the theme of the text. Also during unit six, students will focus on the following skills:

Phonics/Letter Sounds:  
Short /e/, /g/, and /d/.

Sight Words: for, no, jump, one

It would be helpful if you would continue reading with your child daily, reviewing letter sounds, and sight words.

### Math Updates

Kindergarten students will spend the month of February exploring teen numbers and how they are composed. Students will learn how many groups of ten and how many ones are used to form each number. For many students, teen numbers tend to be some of the trickiest numbers to master. Parents can help at home by reviewing numbers 0-20 with students and regularly verbally counting to 100.

### Important Dates

2/18/19

Presidents' Day  
No School for  
Students or Staff

2/21/19

Dentac Visit for Dental  
Health Month

2/25/19 - 3/1/19

Book Fair

### Project Based Learning

Students are working to answer the following driving question:

How can we, as engineers, create a display to show others about materials and motion for an expo?

Students are working hard on their projects and look forward to sharing their findings with you at our expo. More information will be sent home shortly.

**Early Release  
Every  
Wednesday
