

Dear Parents,

Are you looking for something fun to do with your child(ren)? How about joining us for C.A.K.E (Chatting About your Kid's Education) Night? It's from 1530-1700 tomorrow 21 JAN and chili and hot dogs will be available for purchase from the PTA starting at 1700 in the MPR. Our own student council will be offering drinks and sweets for donations. When you arrive at 1530, we will give you a map of the locations of math activities around the school along with a time schedule of the three sessions with each session lasting about 25 minutes. Each child who visits three sessions can meet me in the front foyer at 1700 for a treat. Please have the teacher sign your child's paper at the end of each session. We also would like to make a math bulletin board for C.A.K.E. Night of the names of every student who attends, so we will have a paper snowflake for each child to write his or her name on for the display. If you have cupcake donations for the very popular cake walk, please drop them off in the front office. I hope you can come and join us for C.A.K.E. Night, it's going to be "SNOW" much fun!

Helpful Reminders and Important Information:

Please remember that weather permitting, we go outside each day for recess and children need to be dressed for the weather to include a coat, hat, gloves, and appropriate shoes. Extreme temperatures will be taken into account and recess length may be shortened.

Visitor Sign-In: It is a requirement that all visitors sign in at the front office when entering the campus. This is done to protect the safety and security of students and staff. During morning arrival times, we have allowed parents to enter the campus without signing in. To make our school the safest place possible, all visitors must sign in any time they are on campus to include before and after school. For those parents who walk their children to class in the morning, please enter through the front door and sign in before walking to the classroom. If you have a conference after school, please sign in at the front office first and we will contact the teacher to let him or her know you are on your way to the classroom. I appreciate your attention and support in helping us with this very important matter.

Please see the Calendar for dates on the upcoming events.

I hope you have a wonderful rest of your week,

Caryn G. Currie  
Principal
