

# The **5** Step Plan For DevilPUP Success!!!

1. **Raise your hand and ask a question** – Teachers love when students ask questions in class. When you do not understand a concept or a process, be sure to ask questions. If YOU do not understand, then other students may have the same question.

2. **Use your LHS planner for all of your classes** – Planners are a great tool to use to write down assignments and deadline dates. By keeping up with what assignments are required for each teacher and when they are due, you are being a responsible student. Review your planner nightly to be prepared for class the next day.

3. **Use your Extended Learning (EL) time wisely** – Time is provided to students during EL so that you can use it to complete assignments. Use this time to ask your teachers or your peers questions. If you are caught up on homework, you can read a book, go to the library and begin research for a project, or look up your grades and assignments in Grade Speed.

4. **Get in the Zone with Homework Zone** – Did you know that Homework Zone is offered *after school (2:45-3:30pm) every Monday, Wednesday, & Thursday? We have math teachers who are there to assist on Mondays. In addition, you will have access to research materials and computer/printer resources.*

*\*see flyer for dates*

5. **Use ** – Go to <http://www.tutor.com/get-started> and follow the instructions to create an account. Identify your tutoring needs and a teacher will appear to help you. At the end of each session, be sure to do an evaluation on your tutoring session.
