

Each school on Okinawa has an assigned attendance zone from which students walk or are bused to the school. A sponsor/parent may apply for a Waiver or Exception to the Attendance Zone in order to attend a different school. Such waivers are reviewed and granted for documented and approved extenuating circumstances. Enrollment in an out-of-attendance-zone school can occur only on receipt of this form when approved by the District Superintendent's Office.

When a Waiver/Exception is granted, it is understood that student transportation to & from school becomes the responsibility of the sponsor/parent.

Space Required students who are granted a Waiver/Exception are enrolled at the school to which the waiver is approved on a 'Space Available' basis. Waivers/exceptions are granted only on a one year (current school year) basis and may be subject to change/revocation based on changes in the school's enrollment. Decisions regarding review/approval of waivers will occur beginning in August of the year for which the waiver/exception is requested.

Student Name (Please Print)	Student Grade Level in SY'19/20	Sponsor Name (Please Print)
