MEETING MINUTES REVIEW & APPROVAL:

- LMS SAC Meeting Minutes from 28 May 2020 approved.

REPORTS:

- 1) Principal: Ms. Nedra Jones – will present the “principle’s report”

OLD BUSINESS:

- Parent-teacher conference: We are still waiting on our request to return to a two-day parent-teacher conference, which we will find out in May after the “Area Pacific Council” meeting (Ms. Rapp). **(OPEN: Ms. Jones, EDC Sep 2020)**

- Ms. Macfarlane commented on the impact of assignments being shown in Gradespeed before they are due. Since possible points are included in the calculation as soon as work is assigned, Gradespeed can suggest a student is doing poorly when in fact their work has simply not been graded yet. If the assignments could be due earlier in the week instead of Thursday or Friday, it would at least allow for grading to be completed before the weekend. This impacts the student's entire weekend and until the assignment is turned in it looks like it was a bad grade. Her son had a bad weekend doing more work. Could the teacher put a notation in gradespeed to show that an assignment was given, but not insert the possible points until work is turned in and grading is complete? This would keep displayed grades accurate. Administration will discuss this with teachers for next year's process. **(OPEN: Ms. Jones, EDC Sep 20)**

NEW BUSINESS:

- SAC Board for school year 2020-2021: Discuss next year's SAC representatives, who would like to stay on the board, who is leaving. **(OPEN: POC Ms Williams)**
