# Principal's Corner

Dear Samurai Families,

As you may know, a child was injured in front of our school this week. Emergency vehicles were unable to reach the child expediently due to vehicles being parked on either side of our front driveway. I appreciate your patience, understanding, and assistance as we adjust our arrival and dismissal procedures. I understand the inconvenience closing the gate just prior to arrival and dismissal creates for many of our families. When we put children first, though, we can all agree that student safety has to be our top priority.

Please know that both elementary schools are working closely with other leaders on station to find a safe and efficient way to drop off and pick up our children. We will update you as soon as plans are finalized. For now, we ask for your support - for our children, our community, and our school.

Very respectfully,

Kerry Weidler  
Principal  
MC Perry ES

# PART-PART-WHOLE CARDS

See the difference between part-part-whole cards and basic addition/subtraction cards below. Part-part-whole cards help students build a deeper understanding of the addition/subtraction relationship. These cards help students go beyond memorization of basic facts. The cards can be purchased online, printed from online, or try making your own set!
