Future SAC meetings:

April 21, 2021 at 3:30

May 26, 2021 at 3:30

Old Business:

Crosswalk safety: An e-mail was received by Mr. Villegas (JKM military school advisor liaison) Stated that our CES, SFS, FES reviewed the request for an additional speed bump and the request was denied due to the speed bumps being an impediment to safety vehicles. A flashing speed sign was installed and SFS is increased. Discussion of areas of safety concerns followed. Suggestion for the request of speed limit signs.

New Business:

Ms. Young announced that Ms. Winder will be the interim Principal until a new Principal is hired. Dr. Hollingsworth will come from the DSO to fill in as Assistant Principal. The call for applications for the position closed last week.

Discussion on the construction of a new, concrete bike rack area. This build is approved, but the start date is unknown.

Kudos to the Staff and Community for the success of COVID-19 mitigation thus far and the low number of those infected with COVID-19.

Up-coming **IAC meeting** Wed. 10 March at 3:30 in building 316. M. Harris (teacher) and M. Kuhl (parent) will attend the meeting to represent JKM

Open Forum

Concern #1: regarding the multiple gate vs. single gate entrance for students. Specifically, as it relates to Kindergarten students. Will this continue next year? Possible, but the answer is dependent on guidance from base command.

Concern #2: the time some students arrive at school is too early. Some students arrive 20-30 mins. early and even before teachers and staff are at school. While multiple reminders were sent to parents there is still an issue with unsupervised students. There are not enough people on campus at that time to supervise students. Concern for student safety.

Concern #3: question about the school year report to be discussed with Admin. at a later date.

Meeting adjourned: 4:06
