February 11, 2021

Dear Europe East Families and Staff,

As we continue to operate in remote learning, our teachers, students, and parents have done a tremendous job of making remote learning work successfully. Thank you for helping us ensure continuity of education for our students. Your efforts are deeply appreciated.

We continue to work closely with our senior military leadership and public health officials. As a result of our combined efforts, all DoDEA Europe East schools will continue with remote learning through Friday, February 19th, 2021.

We will continue to work with our military and public health officials to monitor the situation and will provide updates as necessary. The health and safety of our students, staff and community is our top priority. For further information regarding the return to schools, please reach out to your school administration.

Thank you very much for your patience as we work with our military partners during this fluid, rapidly evolving situation.

Sincerely,
