August 24, 2017

Dear Parents/Sponsors,

In the spring of 2017, the Department of Defense Education Activity (DoDEA) schools administered the annual TerraNova and CAT Plus assessments. DoDEA schools use the data from these assessments to determine placement of students in programs such as Advancement Via Individual Determination and Gifted Education, etc. Results of the assessments are also provided to parents/sponsors, usually before school ends in June and before families begin the permanent change of station season.

This year, the vendor responsible for scoring the assessments experienced technical difficulties, and we were unable to obtain the assessment results in time to share with parents/students before school ended. However, we are working closely with the vendor to obtain the assessment data and will ensure the information is provided to you within the next few weeks.

We sincerely apologize for the delay in providing you this information, and thank you in advance for your patience and understanding. You may contact me or Ms. Judy Villanueva at 472-9184 should you have any questions.

Kind Regards,

A handwritten signature in black ink, appearing to read "V. Faerber", is positioned below the text "Kind Regards,".
