

Toy Donations for Children Battling Cancer

It's time for our 4th annual Christmas Toy Drive. Each year Netzaberg Elementary School cooperates with a foundation in Grafenwöhr to deliver toys to children battling cancer. We collect new, unopened toys and stuffed animals for the children to make their Christmas days more enjoyable. The foundation delivering the toys prefers non-electronic toys. The clinic in Erlangen treats patients from newborn to age 18, so gifts for children of any age would be appreciated. Your child's Host Nation teachers will collect toys from now until Dec 13th during Host Nation classes.

We appreciate your generosity.
Thank you so much.
