

June 14, 2018

Dear Second Grade Parents,

Welcome to Third grade! Our grade level team is looking forward to working with you and your child to make it a great year of learning and growing. It's an exciting year as students learn multiplication, and keyboarding along with continuing to build math, reading and other core subject skills. This is also the first year of standardized testing (*PARCC*) and the last year of primary education; DoDEA third graders do not receive letter grades. We have so much to share with you so plan on attending open house in early September. **Before the first day of school come for a short meet and greet on Friday, August 24, 2018 from 1400 to 1500.**

Sincerely,
The 3rd Grade Team

To be a Successful 3rd Grader...

Read! Join the base library summer reading program. The more kids read the better students they become. You can register your child for the summer reading program at <https://towerbarrackslibrary.beanstack.org/reader365>

Go to www.Mackinvia.com to access the school on line ebooks and database.

Memorize all addition and subtraction facts zero-20 with speed and accuracy.
