

ACTION OFFICER (AO) NOTES

- 1. The DoDEA Issuances Standards is the guiding document for the structure and composition of DoDEA issuances. **Citations in this document refer to the DoDEA Issuance Standards for more information, unless otherwise noted.**
- 2. For each issuance, always use the approved issuance template at the DoDEA website. Always use a new issuance template for each issuance.
- 3. Maximum pages for a Regulation is 15 pages; for an Admin Instruction is 50 pages; and, for a Manual is 100 pages.

ISSUANCE NUMBER CREATION

The Action Officer (AO) creates the issuance number from the DoDEA Issuance Numbering System. For example, if the DoD-level issuance is DoDI 1234, the DoDEA issuance number may be "DoDEA AI 1234.01" "AI" = Admin Instruction; "1234" = DoD issuance number; ".01" = the sequential number of issuance. **NOTE: Add "Volume" as needed for each issuance. The DoDEA Issuance Numbering System document is at the DoDEA Policy website.**
