## • Overview:

Replacement of old W.T. Sampson Elementary School (est 1975) and old W.T. Sampson Middle-High School with a new consolidated School. The old elementary school was demolished, to clear footprint for the new school; temporary swing space was constructed. Project includes new school construction, along with supporting facilities (parking, canopies, playgrounds, athletic field, and outdoor courts), co-located with an existing outdoor learning amphitheater/lyceum.

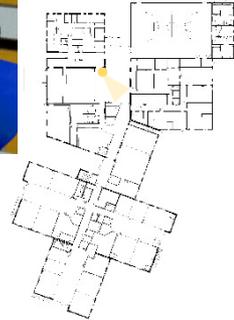

## • 21<sup>st</sup> Century Education Facility Highlights:

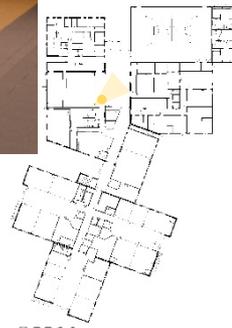

- **Adaptable** (6-Learning Neighborhoods, reconfigurable Studios, mobile furniture)
- **LEED Silver Certifiable** (energy efficient, 100KW Solar array, LED Lighting)
- **Wireless/WiFi coverage** (throughout entire school)
- **LED interactive flat panels** (height adjustable touch screens; all Ed spaces)
- **Energy Dashboards** (energy consumption by Learning Neighborhood)
- **Operable partitions** (enhanced education flexibility and collaboration)
- **Teaching Tools** (Solar/PV Panels, LED, low water use, and exposed structure)
