

Individual Student Report

The ISR provides scale score and performance level information for a specific student. Figure 5 shows page 1 of the ISR. A full sample ISR is included in Appendix D.

Figure 5 – Sample Individual Student Report

The ISR contains the following features, highlighted above:

1. The report header includes the student's full name, student ID, grade and school.
2. The results for each content area are displayed separately on the report.
3. The student's scale score and performance level for each content area are shown.
4. This display shows the student's score compared to the performance level scale.
5. This text shows the performance level descriptor for the student's performance level.
