**Constitution Day and Citizenship Day**  
 September 17

On September 17, 1787, the Founding Fathers signed the most influential document in American history: the United States Constitution. This document established the framework of our government and the rights and freedoms that "We the People" enjoy today. The Constitution was signed by thirty-nine courageous men who changed the course of history. Every American shares in this legacy of liberty and has the responsibility as a citizen to respect and defend the values of our founding fathers as well as participate in the unfolding story of freedom.
