Department of Defense School Liaison Program

School Liaisons serve as the primary point of contact for PK-12th grade school-related matters. The School Liaison Program offers an array of services and resources to support students, parents, installation leadership, schools and the surrounding community. They inform parents about local schools, graduation requirements, afterschool programs, homeschooling and much more. By working together with these stakeholders, the School Liaison Program builds a support network to provide the best possible education experience for military-connected children and youth worldwide.

The School Liaisons Program goals are to:

- Identify barriers to academic success and develop solutions
- Promote parental involvement and educate local communities and schools regarding the needs of military children
- Develop and coordinate partnerships in education
- Provide students, parents, and school personnel with the tools they need to overcome obstacles to education that stem from the military lifestyle

The School Liaison:

- Serves as the primary point of contact for school-related matters
- Represents, informs, and assists Command
- Assists military families with educational issues

- Coordinates with local school systems
- Forges partnerships between the military, community and schools

School Liaisons are located at each installation to provide information as well as build partnerships with the civilian and military community to help address common education challenges of military families. School Liaisons are also an initial contact for participation in the Youth Sponsorship Program which builds resilience in youth and eases transition. School Liaison support is free of charge and open to all Department of Defense identification card holders, educators who serve military students and community partners involved with PK-12 education.
