DoDEA Pacific high schools offer conditional enrollment to military-connected students who will be moving to Japan, Okinawa, Korea or Guam due to Permanent Change of Station orders. Conditional enrollment allows students to select courses and build a class schedule prior to arrival in the Pacific.

To be eligible for conditional enrollment, the student must:

- Meet eligibility requirements for [space required enrollment](#).
- Be requesting enrollment into grades 9-12.
- Arrive at assigned duty station within three months of requesting conditional enrollment.
To complete the conditional enrollment process, visit the DoDEA Student Information System Family Portal and select “Request an account.” DoDEA Pacific high schools will begin processing conditional enrollment requests June 1, 2023. A school representative will contact you within seven business days of completion of the online conditional enrollment process. Please contact the school registrar with any questions about registration.

Counselors are available during the summer months to virtually assist incoming families.

**Pacific South (Kubasaki and Kadena)**

There are two DoDEA Pacific high schools in Okinawa, and enrollment is determined based on housing location. Please consult the [school zoning map](#) and ensure conditional enrollment is completed at the appropriate high school.
